FACULTY HANDBOOK 2015-2016

2018 Edition

The University of Alabama has long been concerned with programs for the preparation of public school personnel. In 1844, only 13 years after The University’s establishment in 1831, a Normal Department was provided for those who wished to prepare for teaching careers. In 1872, the Normal Department became the Normal School. By 1899, the Trustees had replaced the Normal School with the School of Pedagogy and Psychology, which in 1902 became the School of Philosophy and Education. In 1908, the school was reorganized as the Department of Education; one year later further organizational changes resulted in the name being changed to the School of Education.

The present College of Education was established in 1928. Until 1924, the University’s offerings in teacher education were almost entirely limited to undergraduate programs for elementary and secondary teachers. Graduate work in school administration was added in 1924; and all programs, undergraduate and graduate, were greatly expanded during 1927 and 1928. Doctoral programs were authorized in 1951. Currently, the College of Education is divided into six departments.

About the Faculty Handbook

The College of Education provides information to faculty members regarding the College's organizational structure, position descriptions, and operating procedures through the issuance and maintenance of the College of Education Faculty Handbook and Policies. This handbook will be updated and revised by semester, and a thorough review will be completed every five years by the Administrative Council.

College policies are subordinate to The University of Alabama (UA) policies presented in UA catalogs, handbooks, and policy manuals. This handbook reflects current procedures, but in the event of a conflict, the statements contained in current UA catalogs, handbooks, policy manuals, or Board of Trustees official minutes and manual of rules, bylaws, and guidelines will prevail.

Please read carefully the handbook that governs professional conduct and relations in our academic community. The College of Education Faculty Handbook is available at http://education.ua.edu/facultystaff.
The handbook a living paperless document that can be continually updated. The Handbook Committee does not make procedural changes but wants to ensure that procedural changes go through the appropriate College-wide committees and approvals and are accurately updated and added to the handbook in a timely way. A motion was made at the Feb., 16, 2017 College of Education Faculty Staff Meeting to allow changes to the College of Education Faculty Handbook to be made at the time they are approved rather than waiting to submit and approve all changes at the end of each academic year. It is noted that initial notification of changes to college procedures are published in the minutes of the Leadership Council which are distributed to the College.

Mission

Our mission at the Capstone College of Education is to be a leader in Alabama and across the nation in teaching, scholarship, advocacy, and service by developing professionals with pedagogic and disciplinary expertise who advance the intellectual and social conditions of all learners in a globalized society.

Conceptual Framework

The vision of the College of Education (COE) at The University of Alabama is to develop effective, ethical, and reflective professionals who advance the theme of the COE: Unites, Acts, and Leads (UA Leads). By engaging in theoretically informed and intellectually advanced effective practice our graduates will

UNITE with the larger community to collaboratively nurture cultural competence, empathy, and a vision of equity and justice for all learners;

ACT to develop the full potential of all learners to be excellent professionals in their field; and

LEAD through continuous research-based critical inquiry of policy and reflective practice to enable transformative change in our diverse local and global communities.

Appointments

Academic Appointment

The College of Education will comply with the policies of The University of Alabama regarding appointment of academic personnel (non-classified positions). All recruitment must be conducted according to the provisions of the University’s policy of nondiscrimination as an equal opportunity educational institution. In the College of Education, a search committee conducts the recruitment process and recommends to the Dean acceptable candidates. The Dean makes the offer of appointment and negotiates salary and tenure and promotion considerations.

Procedures

1. Department
   a. Position needs and funding source are determined and cleared verbally by the Department Head with the Dean;
   b. The search committee is formed by the Department Head (with the Dean’s approval) and the chair is appointed; and
   c. Forward position description to the Dean/Director.
2. Dean/Director
   a. Review position description and search committee; and
   b. When approved, send to the Director of Financial Affairs.
3. Director of Financial Affairs
   a. Position description is added as a requisition in the Online Faculty Hiring System for review by Academic Affairs.
4. Provost/Associate Provost
   a. Review requisition for budgetary approval;
   b. Review requisition for minimum qualifications and for strategy to attract diverse pool, including minorities and women; and
   c. Post requisition publicly in the Online Faculty Hiring System.
5. Department
   a. Release approved position announcement/advertisement;
   b. Implement recruitment plan;
   c. Review applications and select potential candidates for interview;
   d. Send names of those selected for interview to the appropriate Dean, Senior Associate Dean, Director of Financial Affairs, and Provost/Associate Provost for review and approval;
   e. Interview selected candidates;
   f. Make decision about which candidate to recommend; and
   g. Prepare final selection report and forward to the Dean/Director; and attach resumes of interviewed candidates and other necessary supporting data.
6. Dean/Director:
   a. Review final selection report and supporting data; and
   b. When approved, forward recommendation to Director of Financial Affairs.
7. Director of Financial Affairs  
   a. Input hiring proposal in the Online Faculty Hiring System for Office of Academic Affairs to review.

8. Provost / Associate Provost  
   a. Hiring proposal is reviewed; and

   Once hiring proposal is reviewed and approved, the background check is initiated.

Adjunct Faculty

The College of Education will comply with The University of Alabama’s policy regarding the appointment of adjunct faculty.

The approval of adjunct faculty will be carried out by the appropriate program/content department faculty in the College. They will review the adjunct faculty member’s credentials for appropriateness and will forward their approval to the Program Coordinator who will in turn forward the material on to the Department Head with a recommendation for approval or non-approval. Approval to teach courses is normally for a one-year period of time. Follow-up approvals of all adjuncts are required and follow-up approval should include a review of teaching evaluations from prior classes taught.

Adjunct faculty who are approved to supervise internship experiences who will not be teaching regularly scheduled university classes may be approved by the appropriate program faculty for up to three years. After completing a three-year cycle, contract adjunct faculty may be renewed by a recommendation of the appropriate program faculty through the Program Coordinator to the Department Head. In the reappointment of clinical internship supervisors, a record of their evaluations should also be available to the faculty for their review before a recommendation to renew is forwarded to the Department Head.

Procedures

1. Adjunct faculty status provides individuals who have expertise in particular fields with the opportunity to teach courses, to direct field work with students, to assist in research projects of students, to consult on research or instructional projects, and to direct graduate students. Adjunct faculty appointments are non-tenure earning, have a term of one year, and convey no right or expectation of continued employment beyond the period specified. No time spent in adjunct status may be applied to the removal of a probationary status.

2. Adjunct faculty may be compensated for services provided. The amount of compensation will vary according to the service rendered and the rank of appointment. Compensation for services will not exceed the rates approved for regular members of the faculty unless otherwise noted by the Academic Vice President.

3. Criteria for appointment to an adjunct rank include substantial professional preparation or experience comparable to the requirements for appointment to a regular faculty position at the assigned adjunctive rank. Appointments may be made at the rank of Adjunct Instructor, Adjunct Assistant Professor, Adjunct Associate Professor, or Adjunct Professor.

4. The recommendation to appoint an individual to adjunct status begins at the program level. A vita and a memorandum from the Department Head specifying the type of
expected service and the term of service should be forwarded to the Dean. A letter of appointment will be issued by the Dean, if approved. If appropriate, the Department Head must also submit a request to the Dean for temporary graduate faculty status. This information must be entered into the Online Faculty Hiring System by the Director of Financial Affairs for approval by the Provost.

5. Adjunct faculty members are entitled to limited university benefits. Adjunct faculty members may use the University Health Service for injuries incurred in the conduct of university responsibilities. Adjunct faculty should obtain UA Action Cards which entitles the holder to certain privileges.

6. Program faculty, the program coordinator, and the Department Head must approve all adjunct appointments. Adjuncts appointed to teach College of Education courses must be reappointed annually. Note: Adjunct faculty approved to supervise internships and practicums must be reviewed for reappointment every three years.

7. When it is necessary to hire an adjunct faculty member to teach, the individual must submit an up-to-date vita and other information that a program may wish to review. Adjuncts who have taught in the past should submit copies of their teaching evaluations along with their vita.

Visiting Scholars

The COE recognizes the importance of appointing visiting scholars as a way to enrich the experiences of our faculty and students and to build important relations with scholars across the world.

The guidelines include the following:

- Faculty interested in supporting a visiting scholar should start by consulting with the COE Director of International Programs.
- All visiting scholars must be supported by a letter from the relevant program coordinator. The letter is, in effect, a promise to look after the scholars during their time here by meeting with them and otherwise assisting with their questions, concerns and requests.
- The COE will provide the scholar with office space, use of a personal computer, access to the University's internet and technology systems, and the University Library System.
- Contact the University International Education Office to prepare all relevant paperwork.
- There is no expectation for the scholar to teach courses or to work with graduate students unless it is otherwise negotiated with the program coordinator.
- The scholar must be funded and supported by sources other than the College or University. The College will not provide any visitor with a salary, employment benefits, travel or other expenses.
- The College puts a limit of 3 visiting scholars in the College per semester. Requests have to be made at least six months in advance of the scholar’s scheduled arrival on campus.
Retirement and the Emeritus/Emerita Title

Retired faculty members seeking emeritus/emerita status shall be endorsed by a vote via secret ballot. For retired, tenured faculty seeking emeritus/emerita status, a vote shall be gathered of all tenured faculty members in the candidate’s department. For all retired contract faculty members seeking emeritus/emerita status, a college-wide vote of all contract faculty members at the rank of Associate and Full Professor will be gathered. The results of the votes will be forwarded to the Dean, who will then forward it to the Provost.

For retiring/retired tenured faculty, the chair of the department must submit the following to the Dean:

1. A letter of support with voting results;
2. Current curriculum vita; and
3. Resolution.

The Dean will review the materials and submit/forward to the Provost for approval. If the faculty member is supported, a letter will be sent to the Board of Trustees for final approval.

For contract faculty, the Dean or Sr. Associate Dean of the College must submit the same set of materials, which if approved by the Provost will result in a letter sent to the Board of Trustees for final approval.

Deadline for submission is 10 days prior to the Board of Trustees deadline for resolution submission of the first meeting following the retiree’s last working day. See the Dean’s Operations Coordinator or the Executive Secretary to the Senior Associate Dean for upcoming BOT deadlines.

Administrative and Released Time

Department Heads and Program Coordinators

Each Department Head has a .5 administrative appointment and receives an annual administrative stipend. The Department Head teaches one regularly scheduled contact course each semester. In addition, the Department Head has an administrative appointment for the summer.

Departments with more than 15 tenure-line faculty have an additional two course reduction (equivalent to .50 FTE) to distribute each semester for administrative support and for assistance with departmental administrative responsibilities.

Departments with 10-15 tenure-line faculty have one additional course release for each semester to support needed administrative duties within the department.

Departments with less than 10 tenure-line faculty have one course release per year.
Faculty Sabbatical Leave

In compliance with The University of Alabama policy regarding sabbatical leave and faculty exchange, applicants will be requested to provide the following information:

a. Description of the project to be undertaken;
b. Description of prior work done on the proposed project;
c. Anticipated outcome of the project;
d. Anticipated time of completion of the project;
e. Statement of value of the project to the professional goals of the requester, to the program area of the requester, and to the University;
f. Description of appropriate plans for travel or residence away from campus;
g. Dates and nature of previous leaves;
h. Special circumstances such as contingency on grants and approval for use of facilities of other agencies; and
i. Plans after completion of leave.

Applications will be rank ordered and forwarded to the Provost.

As stated in The University of Alabama Faculty Handbook, no later than one month after the beginning of the academic year semester following the conclusion of a sabbatical leave, the grantee will be expected to submit a reasonably detailed report of achievements accomplished under the approved plan.

Sabbatical Selection Criteria

The main tasks of the project must account for a weekly commitment of 40 hours of work for the duration of the sabbatical period. Thus, it is key that the sabbatical proposal identify the specific activities and/or procedures that will be performed by the faculty member to meet the project’s objectives.

Preference is given to projects whose main tasks are completed off campus, making it important for the proposal to demonstrate that all off-site conditions have been arranged or at least tentatively secured. For example, if research is going to be conducted in a school district, the arrangements with the school district should be documented; or if one is planning to do work in another university setting, appropriate space and research privileges should be obtained; or if archival work is planned, the archives should be identified and access to them preliminarily granted. Similarly, all costs attendant for travel must be secured.

Preference is given to projects that have already filed an application for IRB approval or that have altogether secured IRB approval.

Preference is also given to candidates who have completed earlier sabbatical projects with distinction or, in the case of research-based proposals, candidates who have demonstrated a record of distinction as researchers.
Faculty Travel, Leave, and Consulting

The College of Education will comply with all UA travel, leave, and consulting policies and regulations. The College of Education requires that a *Travel Leave Authorization Form* must be submitted and approved prior to the faculty member leaving a UA campus to engage in activities. This form must also be submitted by students who travel or provide services under university contracts or on behalf of UA. Individuals must submit the *Travel Leave Authorization Form* (https://education.ua.edu/facultystaff/financial-forms/) prior to the anticipated date of travel.

Travel is not an entitlement. It is a benefit that the College provides to faculty to encourage national visibility.

Each academic year, the College intends to make available to each faculty member up to **$1,500** to support faculty travel.

The requirements for requesting funds will include active participation and presentation at a professional meeting. Requests must be made by September 21st of each year.

Given our emphasis on national recognition, it is expected that the majority of funds will be used to support presentations as senior author at national and international conferences.

Individuals serving as officers and on major committees may use the funds for travel to meetings.

All travel must be approved in advance by the Department Head and Director of Financial Affairs, with an indication by the faculty member as to how he/she/they will cover classes missed. This approval is granted by completing the *Travel Leave Authorization Form*.

Please be reminded that funds cannot be transferred to other faculty members.

A **maximum balance of $1,500** may be carried over into the next fiscal year for the travel needs of the individual faculty member for a specific purpose if approval is obtained from the Department Head and Dean.

It is the faculty member’s responsibility to see that reimbursement requests are submitted in a timely manner and that the documentation is accurate. Under UA’s travel policies, if reimbursement is submitted more than 60 days after the traveler’s return, the reimbursement will be taxable income to the employee. Tax withholding will be made from a subsequent salary check. (Federal tax regulations require that substantiation of reimbursed expenses be made within a reasonable period. Under the IRS safe-harbor rule, that period is 60 days.).

Please remember that when traveling with UA funds, you must have proof of travel such as your plane ticket and/or other verification of travel completed. You must also have original hotel receipts for reimbursement purposes and a copy of the program for the conference where you were presenting and/or were involved as an officer of the organization.
The University’s travel policies can be found at http://accountspayable.ua.edu/travel-policy/. These policies are updated as changes occur.

**Procedures**

Before any travel, leave, or consulting is done, the traveler must complete the *Travel Leave Authorization Form* (http://education.ua.edu/facultystaff/).

Unauthorized travel expenses will not be reimbursed.

If a state-owned vehicle is to be used, the traveler completes the *Application for Use of State-Owned Automobile for Official Business Only* form (http://financialaffairs.ua.edu/aux_svcs/transportation/fleet/pages/vehicle_rental.html).

Documents are submitted as follows:

a. If grant monies are involved, all forms are submitted to the Project Investigator for his/her/their approval and signature prior to being submitted to the Department Head.

b. If standard College funds are involved, all documents are submitted directly to the Department Head for approval and signature.

If the Department Head approves, the documents will be submitted to the Director of Financial Affairs for processing.

Upon return from a trip, the traveler completes the appropriate expense documents and submits them to the Program Assistant in the appropriate Department to put in Concur system.

**Faculty Load**

**Faculty Workload**

Workload in the College of Education is shaped by three main elements: teaching, service, and research.

**Teaching**

The teaching of one course represents an effort allocation equal to 20% of a faculty member’s time. The default teaching norm for all tenure-track faculty members is 2 courses per semester, or a .4 work allocation norm. All tenured faculty members are also expected to carry a .40 teaching obligation, but they may have their effort allocation norms differentiated to reflect differences in teaching, service, and research. Tenure-track and tenured faculty may also buy-out of their teaching obligations according to the College’s buy-out practice (see Course Buyouts). Fixed term faculty members, labeled as teaching professors, are expected to teach 5 courses per semester. No service or research obligations are accorded to teaching faculty members. Contract faculty members are typically expected to teach 4 courses per semester, depending on their other obligations, which may include both research and/or service expectations, as negotiated by the
Department Head. All work load assignments are made by Department Heads and approved by the Dean.

Research
The default norm for research conduct is 40% of a faculty member’s time (or .4) for tenured and tenure track faculty members. Tenured faculty members may reduce their research profile to accommodate more teaching or more service, but the effort allocation norm for research may not go below .20. Buy-out efforts and other factors (such as sabbaticals, Fulbright assignments, and special projects) may result in increasing the research norm. No research norm is accorded to teaching faculty, but one may be assigned to a contract faculty member, in negotiation with the Department Head.

Service
Work allocation norms assigned to service include work done in both professional and public settings. The default norm for tenured and tenure track faculty is .20 and is inclusive of service work conducted within university, college, and departmental setting, as well as work done in service to one’s professional field, such as serving as an editor to a journal or an officer to a professional group.

Faculty salaries are adjudicated in relation to a faculty member’s norms. Thus, a .40 research norm not only represents the weight used to calculate the contribution that research makes in the salary setting process; it also outlines the expectation of performance, meaning that a .4 research norm should yield work reasonably equal to what one might expect from a work effort that reflects 40% of a faculty’s member time.

Course Buyouts
Faculty members are free to buy out of their teaching obligations in order to pursue grant and contract projects. Once a faculty member opts for a course buyout, the monies released from the buyout are used to pay for coverage of their assigned course by an appropriately credentialed temporary/adjunct instructor. Once that cost is met, the remaining balance will be redistributed as follows: 1/3 to the Dean’s Office to support college operations; 1/3 to the department to support department level operations; and, 1/3 to the faculty member. The money returned to the faculty member will be kept in a tax-free professional development account with a carry-forward privilege, which allows a faculty member to accumulate monies over time to use on larger scale initiatives, such as supporting students or going to international conferences. The buyout distribution will be made at the end of the applicable semester.

Course Release and Overload
Faculty members who have been granted a course release should only be permitted to teach overload courses under conditions that speak to a critical College mission or purpose. This could include coursework that assists with on-time graduation rates, coursework that ensures curriculum rotational integrity, coursework that only certain professors are qualified to teach, coursework for which there is not an appropriate curricular substitute, or some combination of the above. Such overloads require prior approval by the Dean.
Course Release, Effort Allocation, and Overload

When course releases are given, they must reflect the normed effort allocation of the faculty member in relation to the course release reality. In other words, when faculty members are granted a course release, their FTE effort allocation should indicate less teaching and a commensurate increase in some other function or purpose. In this way, faculty member is held accountable for the performance of all in-load effort allocation in appropriate proportions. If a course overload is granted, the base full-time FTE effort allocation does not change, as the work is considered to be off load and not part of the normed effort allocation.

In-load Work Outside of the College

Faculty members who take on in-load teaching or service appointments attached to a department outside of the College or to another university, must compensate the College for the proportion of the salary that is lost to the College. All fulltime in-load teaching assignments are counted at a rate of 10% of salary per course. Any in-load teaching arrangements made with the College of Continuing Studies, however, are compensated to the College at a rate developed by the Provost’s Office. Work allocation percentages for service projects are open to negotiation.

Remuneration

Merit Pay

All faculty pay raises are based on a merit pay system, which is a policy mandated by the Board of Trustees. Merit pay in the College of Education aims to provide incentives for faculty to excel in the performance of their work norms, which typically include some representation of teaching, research, and service, by fairly and equitably rewarding accomplishment.

Merit pay is determined using the ratings of performance based on the most recent three-year window of performance. Faculty members submit data documenting their accomplishments for the last three successive academic years, and Department Heads evaluate the work. If a faculty member has not been part of the College for at least three years, the departmental merit rating will be based on the number of years that they can submit.

Ninety percent of the funds allocated by the Provost for merit will be placed in the Departmental Merit pool to recognize individual faculty performance and 10% will be in the Dean’s Merit pool. All faculty members will be eligible for both Departmental and Dean’s Merit. Dean’s Merit will be reserved for exceptional cases of individual faculty achievement. The procedures for both types of merit are described in the sections that follow.

Departmental Merit (90% of Merit Pool)

Departmental Merit is conducted in two major parts—negotiating goal setting and FTE and judging individual performance against set norms by assigning a merit score to each individual faculty member. The role of the Department Heads in the process is critical to its implementation.
The process rests on four assumptions: 1) accomplishments will only be reported for one occurrence; 2) evaluations will be based on an aggregated three-year effort; 3) department leadership will conduct the reviews and assure that faculty are mentored in the merit evaluation review model, particularly assistant professors initiating their careers; and 4) scales of rated performance will be examined and checked for cross departmental reliability. Each phase is described below.

**Phase 1: Negotiating Goal Setting and FTE Allocation**

Phase 1 of the process has two steps—submitting an Annual Goals Report to the Department Head and meeting with the Department Head to discuss FTE assignments for the upcoming year. Phase 1 is a negotiation between the Department Head and the faculty member. The Department Head will meet individually with each faculty member during the spring term to discuss their annual goals, the potential merit rating in each category, and their FTE allocations. This conference will result in a Merit Goals Report that reflects mutual understanding and agreement of the individual faculty’s annual goals and FTE allocations. Faculty members are expected to set reasonable and realistic goals under the headings of teaching, research, and service. These goals should take into consideration faculty strengths, years of service and aspirations, University expectations, program needs, and faculty members’ specific assignments. If projected assignments change during the year the faculty member and Department Head may agree to modify the FTE assignments on the Annual Goals Report. If there is a major disagreement during this process, an appeal can be made in writing to the Dean.

**Phase 2: Annual Departmental Evaluation Review**

Phase 2 of the process involves 4 steps:

1. Each faculty member submits the *Annual Merit Evaluation Report* to the Department Head (with an electronic copy to Dean);

2. The Department Head determines a Departmental Merit Score for each faculty member based on the evaluation of the *Annual Merit Evaluation Report*;

3. The Department Head reports the Departmental Merit Score to each faculty member (with an opportunity for faculty appeal if desired); and

4. The Department Head submits the Departmental Merit Score for all faculty members to the Dean’s Office.

**The Review Process**

Step 1: Each faculty member submits the *Annual Merit Evaluation Report* to the Department Head. This report represents a calendar year summary of faculty accomplishments. The report summarizes accomplishments in the areas of teaching, research, and service. All presentations and publications should be reported in the style prescribed by the edition of the APA Publication Manual in use at the time of the report.
Step 2: The Department Head determines a Departmental Merit Score for each faculty member based on the evaluation of the Annual Merit Evaluation Report. The merit ratings for each of the three areas of the Annual Merit Evaluation Report (teaching, research, and service) will be assigned based on evidence provided by the faculty member. One of five scale score ratings may be determined by the Department Head for each the three areas of faculty evaluation. These merit ratings are shown in Table 1.

Step 3: The Department Head will report the Departmental Merit Score to each faculty member. This written summary shall include the merit rating for each of the three merit areas. If the faculty member disagrees with the Departmental Merit Score, a review of the merit ratings may be requested by the faculty member. If the review of the Departmental Merit Score results in no change by the Department Head, the faculty member may appeal the decision to the Dean. Such an appeal must be accompanied by the specific reasons the faculty member does not believe the Departmental Merit Score is appropriate. The appeal of a Departmental Merit Score will conclude with the decision of the Dean.

Step 4: The Department Head will submit the Departmental Merit Scores for all faculty members to the Dean’s Office. The Director of Financial Affairs will compute the dollar amounts for the departmental salary increases for each faculty member.

Rating Appeal

Faculty members may appeal their ratings. The process starts with the Department Head, who would communicate the decision on the appeal to the Dean’s Office. If a faculty member is still not satisfied with the outcome of the departmental appeal, he/she/they may appeal to the Dean’s Administrative Council by providing a written statement explaining the case for the petition.
### Table 1

**College Merit Ratings**

<table>
<thead>
<tr>
<th>Rating</th>
<th>Name</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Performing Significantly Below One’s Norms</td>
<td>A rating of 1 is interpreted as performing <em>significantly or very much</em> below what one might expect from the assigned effort allocation.</td>
</tr>
<tr>
<td>2</td>
<td>Performing Below One’s Norms</td>
<td>A rating of 2 is interpreted as performing below what one might expect from the assigned effort allocation</td>
</tr>
<tr>
<td>3</td>
<td>Meeting One’s Norms</td>
<td>A rating of “3” is interpreted as performing at a level equal to or commensurate with what one might expect from the assigned effort allocation.</td>
</tr>
<tr>
<td>4</td>
<td>Performing Above One’s Norms</td>
<td>A rating of 4 is interpreted as performing at a level that is above or greater than what one might expect from the agreed upon effort allocation.</td>
</tr>
<tr>
<td>5</td>
<td>Performing Significantly Above or Well Beyond One’s Norms</td>
<td>A rating a 5 is interpreted as performing <em>significantly above</em> what one might expect from the agreed upon effort allocation.</td>
</tr>
</tbody>
</table>

A rating of “3” (Meeting Norms) is given to a faculty member who has produced evidence of work accomplishments that can be interpreted as equal or reasonably commensurate with their effort allocation. For example, if the effort allocation is .4 (or 40% of one’s work load), the Department Heads are asked to make some judgment as to whether the work produced reasonably reflected an ongoing labor that approximates 40% of one’s work week. A scale rating of 4 would indicate that the output of work could be interpreted as being above or greater than what one might reasonably expect from the agreed upon effort allocation. And in very rare cases, a rating a 5 could be considered if the faculty member produced work that could be interpreted as well above or beyond what might be expected from the set work allocation. In the same way, a rating of 2 is interpreted as performing below the reasonable expectation of performance for the work effort and a rating of 1 significantly or very much below expected productivity. The Dean will convene a meeting of all of the Department Heads to cross-check their ratings against each other in order to help maintain a reliable scale of evaluation across the departments.

To assign ratings, the Department Head should differentiate performance using no less than quarter-point increments within the scale. Once the Department Head determines ratings for each of the five areas of the *Annual Merit Evaluation Report*, a Departmental Merit Score will be calculated for the faculty member under review. The Departmental Merit Score will result from multiplying the merit rating for each of the three areas of merit review by the assigned effort allocation weight for each area. For example, consider Professor X.
Table 2

Professor X

<table>
<thead>
<tr>
<th>Sphere</th>
<th>Effort Allocation</th>
<th>Performance Rating</th>
<th>Product</th>
</tr>
</thead>
<tbody>
<tr>
<td>Teaching</td>
<td>0.4</td>
<td>3.0</td>
<td>1.2</td>
</tr>
<tr>
<td>Research</td>
<td>0.4</td>
<td>4.0</td>
<td>1.6</td>
</tr>
<tr>
<td>Service</td>
<td>0.2</td>
<td>3.0</td>
<td>0.6</td>
</tr>
<tr>
<td>TOTAL</td>
<td></td>
<td></td>
<td>3.4</td>
</tr>
</tbody>
</table>

Because 3 represents the scale score of adequacy (or meeting one’s established norms), Professor’s X’s score of 3.4 carries the conclusion that Professor X performed above the level of productivity associated with his/her/their norms.

**Dean’s Merit (10% of Merit Pool)**

The Dean may award Dean’s Merit for exceptional work. The Dean is not required to award Dean’s Merit in a given year, but this right is maintained for use in exceptional cases of faculty achievement. The Dean will evaluate Faculty Merit Evaluation Reports for this purpose, but will emphasize criteria that support overall College goals. The Dean’s Merit pool of funds will consist of a maximum of 10% of the funds allocated to the college for salary merit purposes. After the exact amount of funds to be utilized in the Dean’s Merit has been determined, any remaining merit pay funds will be reallocated to increase the departmental merit pool. There will be two levels of Dean’s Merit awarded based on the evaluation of the Faculty Merit Evaluation Reports. The exact amount of funding will be determined based upon the total number of faculty in each level and their individual salaries (Remember: the merit pay increase will be based upon a percentage increase of salary.)

As an example, suppose that in a given year 4% of the total faculty salary was allocated for faculty merit salary increases: [4.0% to college – 0.4% for Dean’s Merit] = [3.6% for departmental merit].

**Salary Inequity Review**

The College of Education will maintain a process for reviewing salaries to identify inequities that may occur due to salary compression factors and other conditions outside of the normal review process.

**Summer and Interim Compensation**

The salary for teaching a three-hour course will be the lesser of eighty-five percent (85%) of the in-state tuition or 7.5% of the professor’s academic year (9-month) salary. A faculty member
who wishes to teach a course with another faculty member should be advised that salary for each professor will be paid a percentage of the salary which would be paid if the professor had taught the course alone. The percentage is dependent on the amount of the professor’s involvement in the course. In no case should the total involvement of the professor be more than 100%. In no case shall compensation for teaching any three-hour course exceed 7.5% of a professor’s academic year salary. Summer teaching opportunities are dependent upon departmental norms and practices.

Job-Related Accidents and Illnesses

The College of Education complies with the regulations of The University of Alabama in reporting on-the-job injuries and accidents (OJI’s).

Procedures

1. The employee must report all OJIs to their UA supervisor as soon as possible but no later than two (2) work days after the injury.
2. UA employees who do not report an OJI, fail to report the injury, or fail to see a physician within two work days will not be approved for coverage of any medical treatment related to the alleged accident/injury or for OJI time off work. The employee will also give up his/her/their right to file an OJI.
3. Procedure for receiving medical treatment and filing an On-the-Job Injury
   a. An OJI or accident report form must be completed and signed by the employee and the supervisor before the employee can be approved for any necessary medical treatment related to the OJI. If the supervisor does not sign the OJI form, then it is not approved. The current form is located at http://riskmanagement.ua.edu/on-the-job/
   b. NOTE: Injured employees must be allowed to go to the University Medical Center as soon as possible after reporting the injury to their supervisor. If the employee goes to the University Medical Center during work hours the lost time should be OJI time and not annual or sick leave.
4. The signed form must be carried by or with the injured employee to the University Medical Center to document an OJI has occurred and to receive initial medical treatment.
   a. If the University Medical Center is closed or cannot treat the injured employee, then the employee should go to DCH Regional Medical Center – Tuscaloosa.
   b. If follow-up OJI medical care is needed, the University Medical Center may render the care or may refer the employee to DCH, a local medical facility or to a specialist, as appropriate.
   c. If the employee refers himself/herself/themself to their own personal doctor without prior approval by the Office of Risk Management, then such medical care for an OJI will not be covered by UA’s OJI medical insurance program.
5. The attending OJI physician at the University Medical Center must sign the OJI form and indicate the diagnosis and treatment.
   a. The original form, signed by the attending physician is sent to the Office of Risk Management to document the injury and medical care rendered.
   b. The University Medical Center will keep one copy for their records.
c. A copy is given to the injured employee to return to their supervisor to document where and when medical care for the OJI was received and also to notify the supervisor of any time from work.

6. Claims for OJI are under the regulatory control of the state board of adjustment.

**Graduate Faculty Membership**

The Graduate Faculty sets standards for graduate work in education and provides graduate instruction. Only Graduate Faculty members can teach courses numbered 500 and above and chair thesis and examining committees. Only full members of the Graduate Faculty may chair doctoral program advisory committees and dissertation committees.

Temporary members of the Graduate Faculty may perform specific functions for the graduate program for specific time periods. Adjunct faculty are not eligible for full Graduate Faculty membership.

It is the responsibility of each Department to elect its representative(s) to the Graduate Council, which acts for the faculty in matters relating to graduate work.

**Standards for Membership**

Faculty are encouraged to visit the Graduate School ([http://graduate.ua.edu](http://graduate.ua.edu)) for detailed information about graduate faculty status.

**Full Membership**

Full members of the graduate faculty have the annual responsibility of nominating members to serve on the Graduate Faculty, including full members whose terms will expire. Nominees for full member status must meet the following criteria:

1. Hold an earned doctorate or other terminal degree in education or a related field;
2. Hold the rank of at least assistant professor in a full time, tenure-track position;
3. Demonstrate ability and continuing interest in the graduate program, as indicated by:
   a. Quality teaching as evidenced by one or more of the following:
      i. Active participation on graduate thesis and dissertation committees in the last three years;
      ii. Satisfactory course evaluations (above the mid-point on the evaluative scale); and
      iii. Positive peer reviews of teaching;
   b. At least three years of postdoctoral research relevant to the discipline or at least three years of teaching at an accredited college or university or at least three years of experience involving both postdoctoral research and college/university level teaching.
   c. Mentoring of graduate students.
4. Show a strong, continuing record of productive research, publication, or other scholarly activity appropriate to the discipline. Evidence of refereed publication is required
(normally at least 5 scholarly research publications in the last 6 years). Other evidence must include one or more of the following:

a. Research funding;
b. Presentations at professional meetings;
c. Review of papers for professional journals, review of research proposals for funding agencies, and/or review of books on monographs; and
d. Professional activities (e.g., chair session for professional meeting, hold editorial position, etc.).

Associate Membership

An associate member of the graduate faculty is an individual in The University with an appointment in the College of Education who holds a doctoral degree or has equivalent qualifications. That person must show promise of making significant contributions to the body of knowledge and to responsible professional service in his/her/their discipline. Generally, new faculty members at the assistant professor level are appointed to this category. The associate member may teach graduate-level courses, advise Master’s students, direct Master’s theses and Educational Specialist projects, and may serve on Doctoral Program Advisory Committees and on Doctoral Dissertation Committees.

i. Hold an earned doctorate or other terminal degree in Education or a related field.
ii. Hold the rank of at least Assistant Professor in a full time, tenure-track position.
iii. Demonstrate ability and continuing interest in the graduate program, as indicated by teaching courses or conducting supervision in the program.
iv. Show evidence of research in the form of publications or other scholarly activity. Evidence must include one or more of the following:
   a. Publications
   b. Research funding
   c. Presentations at professional meetings
   d. Review of papers for professional journals and/or review of research proposals for funding agencies
   e. Professional activities (e.g., chair session for professional meeting, hold editorial position, etc.).

Temporary Membership

Under circumstances, in which a faculty member does not satisfy the above criteria, the faculty member can be recommended for a three-year appointment as a Temporary Graduate Faculty member and must be approved by the Program Coordinator, the Department Head, and the Dean.

Terms of Appointment

Full Members

Full members are appointed for six-year renewable terms.
**Associate Members**

Associate members are appointed for six-year renewable terms. However, an associate member may request review for full-member status before completion of the six-year term. If the full term is served, during the fall semester of the sixth year of appointment, the faculty member will be reviewed for continuation as an associate member or may request review for full-member status.

**Temporary Members**

Appointments will not exceed three calendar years but are renewable. Members of the Graduate Faculty may automatically retain Graduate Faculty status for a maximum of one year after retirement.

**Review Process**

Faculty members must apply for Graduate Faculty membership or renewal of Graduate Faculty membership by submitting a letter of application and documentation of their activities in the graduate program, their research productivity (publications and grant activity), and other scholarly activity for the previous six-year period. The information normally compiled into Annual Merit Reports is sufficient and need not be recompiled for the purpose of the application. The review process will normally take place at the end of the Spring Semester.

The application information is reviewed by a faculty review committee composed of the Graduate Faculty of the Department, excluding the faculty member being reviewed. The chair of the committee shall rotate annually among the full professors of the Department.

The Department Graduate Faculty Committee recommendation is forwarded to the Department Head, who considers the recommendation and information submitted by the applicant.

The Department Head may request a meeting with the faculty member before making his/her/their or her recommendation to the College Dean.

The faculty member under review will have the opportunity to respond to the Committee and Department Head recommendations before the application materials and recommendations are forwarded to the College Dean.

The application and the College Dean’s recommendation will be forwarded to the Graduate Council, where it will be acted upon by the Graduate Council or the Dean of the Graduate School.

**Appeals Process**
An applicant may appeal any recommendation made. The appeal should be submitted to the Dean in writing, stating the rationale for reconsideration of the decision made at a particular level. After review of the appeal and any appropriate materials, the Dean will make a final recommendation.

If the Dean of the College does not approve an appointment, the faculty member may request that the Dean assemble a five-member ad hoc committee of full Graduate Faculty members within the College of Education, of whom at least three must be outside the applicant’s Department.

First, the applicant will choose two members, then one member will be named by the full members of the Department Graduate Faculty; next, the Department Head will name one member; and finally, the Dean of the College of Education will name one member. A chair from among the committee members shall be elected by the committee. This ad hoc committee will repeat the review procedures previously described and may interview the applicant, full members of the Graduate Faculty from the Department, the Department Head, and/or the Dean. The ad hoc committee will submit its recommendations in writing to all parties involved.

If the Dean of the Graduate School does not approve an appointment, then the faculty member may appeal to the Graduate Council’s Committee on Graduate Faculty membership, which will make the final decision on that application.

Promotion and Tenure

Faculty Performance Reporting System

Digital Measures serves as a source (i.e., base) document for merit pay referenced in Remuneration.

All faculty are required to submit an annual summary of their contributions in research, teaching, service, and administrative responsibilities to both the college and the department. The report should be updated throughout the year and published once each year.

Digital Measures publication dates should be verified with individual departments.

Non-tenure Track and Renewable Contract Faculty

Please see official University policy and contact the Dean’s Office.

Tenure Track Faculty

The College of Education will comply with University policies, criteria, and standards for tenure, promotion, and tenure-progress review as specified in the most recent University of Alabama Faculty Handbook (http://facultyhandbook.ua.edu).
First year faculty are required to submit paperwork for review by the Department Committee, Department Head, and Dean. In making an assessment for the review process, first year faculty will be required to (1) submit a complete updated vita and (2) submit a three-page description of their proposed teaching, research, and service agendas for the next 3-5 years. This description must include goals and a plan for developing an ongoing agenda to improve instruction and further advancement an area of research that will support graduate students.

Procedures for Reviews

The following procedures guide the process for tenure progress, tenure, and/or promotion reviews within the College of Education:

- The Dean provides each Department Head with copies of the schedule for tenure progress, tenure, and/or promotion reviews. The copies are distributed to all regularly appointed faculty as a guide for the review process.
- Candidates under consideration for promotion or tenure review must provide a letter of intent to the Department Head and the Dean according to the Schedule for Tenure Progress, Tenure, and/or Promotion Reviews.
- The Sr. Associate Dean will solicit the participation of the external reviewers identified by the candidates and Department Heads according to the Schedule for Tenure Progress, Tenure, and/or Promotion Reviews. The external reviews should be returned by the last day in September. The letter inviting the external review should request a response within two weeks acknowledging the acceptance of the review responsibilities. Telephone conversations can be used to expedite the process, but cannot be substituted for review letters.
- External reviewers may not be assistant professors, nor individuals who have published with the candidate, nor individuals from the candidate's doctoral alumni institution. Rare exceptions can be made with the approval of the Dean.
- Additional procedures for external review are listed in the Schedule which follows.
- The Department Promotion and Tenure Committees and the College-wide Promotion and Tenure Committee should meet at the same times but not the same place to make their decisions. The College-wide review letters go to the Dean. The Department review letters go to the appropriate Department Head. The Department Heads send their review letters and the Department review letters to the Dean. It is expected that the Department Head’s decision will be made independent of consultation with the Dean.
- For annual reappointments, only the mandatory review during the fourth year should involve the formal College-wide Promotion & Tenure Committee. Documentation from each of these yearly reviews should be incorporated into the individual's formal dossier to provide evidence of the individual’s progress.
- Half of the College-wide committee should be elected for two year terms on alternate years.
- The discussion and voting results which occur during committee meetings should be confidential. The discussions and voting results are not to be discussed after the meeting.
Required Dossier Information for the Dean’s Office

It is recommended that faculty members seeking promotion and/or tenure submit support materials in limited quantity:

1. Support documentation should be limited to 200 pages (including pages of sample articles and evaluation forms);

2. Faculty members should house other support materials in their offices for inspection by the promotion/tenure committees upon request. The College requires that external evaluations be included in the dossier;

3. See Attachment A from the UA Faculty Handbook for university-wide regulations; and

Dossiers to be presented for review must include the following items:

**Intent**

Clearly state if the dossier supports a request for (1) tenure review, (2) promotion review, (3) tenure and promotion review or (4) a tenure-progress review required annually of all non-tenured faculty members. If years are brought in from another institution, this should be so stated, and the number of years at the other institution should be clearly indicated. The initial appointment letter from the Dean indicating the number of years credited must be included in the dossier.

**Personal Data**

Must include name, Department, initial rank with date of appointment, present rank with date of appointment, proposed rank if promotion review, date tenure was earned, highest degree and major field, and date and institution of highest degree.

**Current Vita**

**Teaching**

- List of all courses taught;

- Mandatory University of Alabama evaluations of all courses (including practica, internships, supervision) taught in last three years;

- Innovations and improvements instituted;

- Master’s theses directed in last five years, completed and in progress for each thesis include title, name of candidate, a date of graduation);

- Doctoral dissertations directed in last ten years, completed and in progress (for each dissertation include title, name of candidate, date of graduation; also identify those that resulted in publications and provide full publication citations);
• Evidence concerning quality of teaching, including student evaluations from every course taught in the College and including documentation of peer observations of teaching;

• Evidence concerning type and quality of all supervision in the schools or elsewhere.

**Scholarly Contributions**

Include and classify separately the following:

• Articles published in refereed journals in the candidate’s discipline;

• Books published by recognized publishing houses;

• Book-length research monographs;

• Invited or juried or reviewed exhibitions, presentations, or performances;

• Chapters in books and edited collections of readings;

• Research reports or training manuals submitted in connection with research grants or contracts;

• Participation in research contract or grant activities;

• Papers published in the proceedings of meetings of professional associations;

• Articles in non-refereed periodicals;

• Papers presented at professional meetings;

• Appointment as a referee, or as a member of an editorial board, or as an editor of a scholarly academic or professional journal;

• Newsletter-type articles regarding topics of interest to educators in publishers’ periodicals;

• Any other type of scholarly publications and creative efforts which contribute to the candidate’s fields of specialization.

**NOTE:** Jointly authored material should indicate all authors and percent and description of specific contribution to the work. Authorship must involve some contribution beyond oral discussion of the topic.

**Service**

• Committee memberships – department, college, and university including doctoral program planning and dissertation committees;
  
  o University sponsored service – state, regional and national
Voluntary external service – state, regional and national;

Paid consultancies.

Important professional activities which contribute materially to the individual’s professional stature and to The University’s mission.

NOTE: Research-related presentations are not part of service under ordinary circumstances.

Contract and Grant Activity

• Title of projects – submitted and funded.

• Brief, one-paragraph description of each project and your role in it;

• Dollar value of each project funded;

• Indicate funding agency for each project;

• Number of funded projects on which you worked in a released time role as project director or other.

Professional Development

• Participation in short courses, institutes, conferences, formal study, educational television, etc.;

• Memberships in professional societies;

• Leadership roles in professional societies.

Other

All previous evaluation letters from tenure and promotion committees, Department Head, and Dean.

General

Faculty Meetings

The College of Education will conduct various faculty/staff meetings through which faculty and staff may provide input in the decision-making process. Faculty are expected to attend all Department faculty meetings, committee meetings, and College-wide faculty/staff meetings. Attendance and participation in meetings are elements of academic citizenship.
Code of Conduct

The University of Alabama expects high ethical standards of all personnel. In particular, The University endorses the principles set forth in the following Statement on Professional Ethics by the American Association of University Professors (June 1987). See University Faculty Handbook for detailed information. http://facultyhandbook.ua.edu/ii-code-of-conduct.html

Online Course Instructors

The College of Education has the expectation that faculty teaching online classes will seek professional development activities to prepare them for teaching distance courses through completion of the core modules of the Online Educator Professional Development Program http://www.itas.ua.edu/teaching-online/online-educator-program.php.

Those faculty members identified as demonstrating significant expertise in online learning by their Department Heads may meet the requirement through documented experiences such as:

- Ongoing participation in training/development opportunities provided by the Faculty Resource Center related to online instruction;
- Recent professional development through attendance at professional conferences/workshops related to online teaching and learning;
- Evidence of ongoing expertise in online learning through documented experience related to online teaching and learning.

In order for a faculty member to be listed as instructor of record for an online course, the Department Head must ensure that the faculty member meets one of the above requirements. This must be completed for each staffing cycle.

Faculty Concerns and Issues

Complete the forms in Appendix X to advance a petition to the Faculty Issues Committee Chair. The Chair will remove all identification information from the document to preserve the anonymity of the faculty member filing the petition.

Professional Assistance for First- and Second-Year Graduates of Educator Prep Programs

The College of Education must respond promptly to requests from first- and second-year graduates of educator prep programs or their employers for assistance in updating knowledge and/or skills necessary for effective performance. Short-term and/or long-term professional growth plans and continuing education activities will be designed as needed. Requests from first-year teachers, other individuals beginning new professional education roles, or their superintendents will be managed by the appropriate Department Head who may employ any of a variety of response strategies including mentoring, tutoring, workshops, clinics, short courses, etc.
Technology

Hardware

The University of Alabama has two primary vendors for computer hardware purchases, Dell and Apple. Dell purchases can be made using The University PCARD. Apple purchases can be made via Departmental Transfer (DTA) to the SupeStore. In some cases, other technology, such as cables, adapters, etc., can be purchased from UA approved Technology and Audio/Visual contract vendors.

Contact Technology Support Services before ordering equipment to ensure that it is compatible with your system. All technology equipment, such as computers, laptops, iPads, and other types of tablet pc’s, must be tagged and inventoried by the TSS Office. This includes purchases made using Departmental and Grant/Research funds.

Faculty and staff computers are replaced on a four-year rotation. (This rotation is subject to change pending available funding, etc.) This does not include computers purchased by Departmental or Research/Grant funds.

Software

The University of Alabama makes a number of software programs available at no cost for students, faculty, staff, and UA departments. The Office of Information Technology is the central location to acquire and learn more about this software. (See https://oit.ua.edu/software/ for a list of available software.)

Any software not listed in the Software Catalog must be purchased by the department or individual through normal procurement channels. Many departments enter into software licensing agreements separately because the need for the software is limited. Check with your academic or administrative department to determine if there is additional software available to you.

Departments should request quotes from one of the approved vendors from which UA maintains standing contracts.
College of Education
Faculty Handbook

COLLEGE AND
DEPARTMENTAL PRACTICES
Adding, Revising, and Deleting Courses; Proposing New Programs; Offering Independent Study Courses

The College of Education will maintain a systematic process for the approval of new courses and course revisions. Because of the integral way in which courses are related with programs of study and designed to meet specific degree and certification goals, the College of Education has procedures to ensure that courses meet high academic standards and are designed to fulfill the goals for degrees and programs of study. Proposals for new courses and revisions must be submitted through appropriate channels and may be initiated by any member of the College faculty. Requests for independent study courses covering didactic work must be submitted using a specific form.

Introduction

The intent of these procedures is to provide guidance for the approval of new courses and programs, the revision of courses and programs, and modifications to the general studies requirements within the College. Curriculum decisions are generally considered to be the purview of faculty and, in turn, the responsibility for decisions about program and general studies college curriculum rests with faculty. Faculty within each program have the expertise and responsibility for determining course content and the appropriate course of study for program majors within the limits of college resources. This expertise and responsibility must be respected by the faculty and administration of the College of Education. The procedures for proposing and modifying courses and programs function primarily to provide faculty and programs with assistance and consultation in the development of courses and programs. The procedures also insure that the College uses resources effectively and that courses and programs meet standards for high quality. The intent of these procedures is not to make new course or program approval or revisions difficult, but to facilitate a spirit of cooperation, trust, and respect among faculty and administrators.

Program Proposal and Modification

Program decisions typically are made by faculty within the program in concert with faculty who have relevant subject matter expertise as well as faculty in other programs whose courses are affected. Decisions about teacher education certification program requirements typically are made first by the program and then by the teacher education faculty. Although program faculty have the responsibility for determining the course of study for program majors, programs share and are constrained by College resources. New programs and program modification that have the potential to have an impact on the resources of the College, Department(s), or other programs should be presented to the appropriate program or programs, Department(s), the Academic Issues Committee, in turn for consultation or approval. It is difficult and probably counterproductive to delineate each and every instance when program changes need to be presented to another program, Department(s), the Academic Issues Committee, for consultation and approval. The decision as to whether a program change requires consultation or approval from another program, programs, Department(s), and the Academic Issues Committee should be made by
program faculty with due consideration given to the expertise and responsibilities of other faculty. At the very least, program approval and revisions should be submitted to the Department Head and Dean. Program decisions that have no appreciable impact on other programs should be made by the faculty within the program and presented to the Academic Issues Committee as an information item only.

**New Course Proposal**

The following procedures should be followed in proposing a new course:

1. The process for proposing a new course usually begins when a faculty member identifies a need for a new course. The faculty member completes a new course proposal packet consisting of a *Course Inventory Form*, a *New Course Proposal Form* (both available on the S drive), and a *comprehensive syllabus* for the proposed course. All syllabi requirements noted in the Online Syllabus Management System (see http://syllabi.ua.edu) must be included for the review.
2. The faculty member submits these forms to his/her/their program coordinator for review.
3. After reviewing the proposed course, the program coordinator seeks the advice and approval of appropriate faculty in the program(s) affected regarding the need for the course, the role of the course in the program(s) of study, and the appropriateness of the course goals, objectives, requirements, and class procedures.
4. If the affected program(s) approve the proposed course, the program coordinator forwards the course to the Department Head. If the Department Head approves the proposed course, he/she/they send(s) sufficient copies to the Leadership Council and to the Academic Issues Committee for review and recommendations.
5. The Academic Issues Committee and the Leadership Council will review the proposed course. If both approve the course, the Academic Issues Committee and the Leadership Council will forward their recommendations to the Dean. If the Academic Issues Committee or the Leadership Council does not approve the course, the course is sent back to the Department Head along with a specific rationale for disapproval.
6. Upon the Dean’s approval, the course is entered into the online Courseleaf approval system and into BANNER. The Department Head is responsible for determining that a comprehensive course syllabus for all newly approved courses is on file in the Department Office.

**Temporary Course Proposal**

Faculty may obtain permission to offer a new course on a one-time, experimental basis. The following procedures should be followed regarding temporary course proposals:

1. The faculty member should send a cover letter to the Dean stating the need for the proposed course, (1) a comprehensive syllabus for the proposed course, (2) a *Course Inventory Form*, and (3) a *New Course Proposal Form*. 
2. If the Dean approves the proposal, permission will be granted to teach the course only one time. For permanent status the course must be reviewed and approved by the Academic Issues Committee and the Leadership Council following the procedures described in the section “Proposing a New Course.”

Course Revisions and Deletions

The following procedures should be followed regarding course revisions:

1. Faculty should update course content and procedures regularly. All revisions in the course should be included in a revised course syllabus which should be filed annually with the Department Head.
2. Major revisions in a course should be sent to the program coordinator who seeks the advice and approval of appropriate faculty in the program(s) affected to determine whether the proposed changes are appropriate. If the affected program(s) approve the proposed major revisions, the program coordinator forwards the revisions to the Department Head who must also approve the revisions.
3. A Course Inventory Form with the appropriate number of copies must be completed and sent for review to the Academic Issues Committee for all changes concerning the deletion of a course or change in course number, credit hours, course description, prerequisites, core designations, or title.
4. Any course not taught within the past five years will be deleted by the University Registrar's Office.

Authorization for Off-Campus Courses

Each request to provide instructional service off-campus must be considered on the basis of its individual merit through the appropriate authorization channels. Faculty must obtain prior approval for teaching College of Education courses which are offered outside of the regular class schedule of The University (i.e., through the College of Continuing Studies [CCS] and the College's International Program). To teach a course through one of these programs, a College faculty member must obtain prior approval from his/her/their Department Head, the appropriate program director, and the Dean of the College before initiating any action related to scheduling the courses.

Procedure

1. The appropriate Program Coordinator identifies the need to offer a particular course. May also refer to the directors of these programs/offices: Division of Instructional Programs (CCS), the College's Office of International Programs, and other similar roles.
2. The appropriate program coordinator contacts the Department Head involved (on an informal basis) to determine the availability of personnel in his/her/their Department to teach the course identified and to secure approval for the faculty member's involvement in the course.
3. The Department Head determines the faculty member's eligibility to teach the course.
4. When agreement regarding the course has been reached, the faculty member or the program coordinator prepares the Supplemental Pay Form and transmits it to the Department Head for signature.
5. The Department Head should sign the form and transmit it as follows:
   a. To the program coordinator (if the form was prepared by the faculty member).
   b. To the faculty member (if the form was prepared by the program coordinator).
6. The program coordinator or faculty member will sign the form and transmit it to the college coordinator and the Director of Financial Affairs.
7. The Director of Financial Affairs should review the document for consulting, supplemental compensation, as well as other financial implications and recommend approval to the Dean, if appropriate. (If problems are found, the Director of Financial Affairs will contact the program coordinator to discuss the situation.)
8. The Dean will approve or reject the request and return the form to the Director of Financial Affairs.
9. The Director of Financial Affairs should disburse copies of the document as follows: to the Dean, to the appropriate Department Head, to the faculty member involved, and to the Office of Academic Affairs.
10. If the course is canceled, the program coordinator will confirm the cancellation (in writing) to the faculty member and will transmit a copy of the letter to the Dean's Office.

**Course Duplication**

In cases of dispute regarding course duplication, including those arising from committee actions, individuals concerned shall consult the Dean of the College through established channels. The Dean will either negotiate a solution (appeal being possible through established University policies) or seek appropriate committee or other recommendations.

**Search Committee Procedures**

**Introduction**

The position(s) will be/have been posted on https://facultyjobs.ua.edu/. Please remember that applicants must submit their application materials through the online system; no emailed or mailed applications can be accepted. However, the online file capacity for writing samples may not accommodate all of an applicant’s writing samples. If an applicant cannot upload up to three samples, he/she/they may email the additional samples to the search chair. The chair then shares those samples with the committee members. The applicant must also upload his/her/their unofficial transcript. Names, addresses and phone numbers of three to five references should be included with the vita or cover letter, not uploaded as a separate document. The application is not complete until all documents are uploaded.

Review the Web Resource for Recruiting Faculty – The Office of Academic Affairs has developed a new Web resource for those involved in recruiting new faculty, http://faculty.ua.edu.
The link offers an overview of campus resources for prospective faculty including information on the local community, resources for dual career families, and access to current faculty job listings and online job application. The site also is linked from the employment section of the UA home page as well as the academics, faculty and staff, and human resources pages.

**Review Human Resources Handouts and Code of Ethics**

   a. Certain pre-employment inquiries are unacceptable or are considered suspect because of their potential for unlawful discrimination. The following personal information items should be avoided during employment interviews to prevent their influencing or appearing to influence the selection process.
   b. This guide pertains only to inquiries directed to job applicants as part of the selection process. It does not apply to information secured subsequent to hiring for payroll and fringe benefit purposes or to information requested separately and voluntarily of applicants for affirmative action purposes.
   c. Pre-Employment Inquiries and the Americans with Disabilities Act

The ADA has established guidelines as to what types of inquiries may be made at the pre-employment stage of the interview. The following is a list of inquiries that are prohibited by the ADA, followed by a list of acceptable inquiries.

i. IMPERMISSIBLE Inquiries:
   - Asking whether an applicant has a disability.
   - If a disability is visible, asking “spotlighting” questions about the disability—its nature, prognosis, severity, cause or treatment.

2. Requesting a medical history or asking the applicant whether he/she/they has/have ever received counseling or treatment for mental illness or other specific illnesses or conditions (e.g., back problem).

3. Asking about current medications.

4. Requiring an applicant to take a pre-employment medical examination.

5. Asking about absences due to illness or whether the individual will require leave for medical or related reasons.

6. Asking whether the applicant would need a reasonable accommodation to perform the job in question.

7. Inquiring about prior on-the-job injuries or past worker’s compensation claims.

ii. PERMISSIBLE Inquiries:

2. Asking questions about any of the qualifications that are required for the position, including education, experience, licenses, training, required skills, or other minimum qualification standards that are defensibly job-related.

3. Asking an applicant about his/her/thier ability to perform each essential function of the job. For example, “this job requires an employee to prepare written reports containing detailed factual summaries and analyses. The reports must frequently be prepared within tight timeframes. Can you perform
this function?” Or, “this job requires an employee to transport 20-pound bags from a University van, up two flights of steps to a research lab. Can you perform this function?”

4. Giving the individual a copy of the job description that identifies essential functions and asking whether the individual is able to perform all of those functions.

5. Requesting an applicant to demonstrate or describe how he/she/they would perform essential functions of the job if the applicant has a known disability (apparent or voluntarily revealed) and the interviewer legitimately believes that the disability might interfere with performance of an essential job function. (If the applicant requests an accommodation for the demonstration and the accommodation is reasonable, it should be made.)

6. Asking about the individual’s attendance at prior jobs, if the question is cast in terms of days off for any reason and not limited to days missed due to illness.

7. Stating the institution’s standards and expectations (e.g., attendance standards or smoking policy) or those for a particular position (e.g., travel, week-end work, or frequent over-time) and asking if the individual can meet those standards.

2. Search Committee Code of Ethics

Searches are an opportunity for an institution to demonstrate high ethical standards. Searches done well win the respect and praise of candidates who are offered positions as well as those who are not. In addition, an effective search is an opportunity for the institution to show itself favorably to many groups and individuals (e.g., national references, professional colleagues). To attract the best candidates, to retain until closure those who are most competitive, and to fulfill a responsibility to treat candidates confidentially and ethically, the search committee should commit itself to:

a. Create a search environment which respects the rights and dignity of all persons
b. Maintain in strict confidence and in perpetuity:
   i. All information about candidates secured during the search process (e.g., names, written materials, references)
   ii. All search committee conversations and deliberations
c. Put aside personal agendas, biases, or political positions so that each candidate has an honest and fair evaluation
d. Represent the institution as a whole (Department, College, and University) rather than individuals or group stakeholders
e. Receive candidate permission prior to reference checking for both references on list and references not on the candidates list
f. Establish accuracy of information on candidates
g. Ensure the safety of records after the search is completed retaining search records in compliance with institutional, state, and EEOC guidelines and disposing of records in a manner which retains candidate confidentiality
h. Follow all by-laws of the institution and laws of the state and nation
i. Affirm that only the chair of the committee speaks for the committee

(Adapted from UA Presidential Search Committee Materials, 2003)

Procedures

B. Proactively solicit prospective applicants.
1. The University of Alabama and the College of Education is an Equal Employment/Equal Educational Opportunity Institution. All qualified applicants are encouraged to apply, will receive consideration for employment without regard to race, color, religion, national origin, sex, sexual orientation, age, genetic information, disability, or protected veteran status, and will not be discriminated against because of their protected status. The College is committed to increase diversity within the faculty. Committees should ensure a diverse applicant pool.
a. Use the SREB Directory; see SREB Scholars Information handout to search for prospective faculty candidates.

b. The College will place ads with Southern Regional Education Board, Minority Faculty Applicant Database, and the Hispanic Association of Colleges and Universities.

c. Committees should participate in job fairs, conferences, professional associations, etc. to recruit diverse faculty.

d. All search committees are required to report their diversity recruitment efforts. Search chairs, please collect this information and send to the Director of Financial Affairs.

2. Contact colleagues.

3. Email position announcements with directions for submitting online to free professional organizations and professional organizations’ list serves. The listing of job openings will be advertised in the Chronicle, Diverse Issues, Inside Higher Ed, etc. The Dean’s office will also cover the cost of one singular ad at a discipline-affiliated outlet of your choice.

4. Take copies of announcements with directions for submitting online to conferences (contact Dean’s Office Administrative Specialist for copies).

5. Inform your search chair where you send the announcement so that information can be collected for the Director of Financial Affairs. Search chairs, please collect this information and send to the Director of Financial Affairs.

C. Log on to faculty jobsite http://facultyjobs.ua.edu/hr to review applicants (see Online Faculty Recruitment handout). Have rubric/guidelines for reviewing applicants (see Applicant Evaluation Form).

1. Determine if pool is viable.

2. Review unofficial transcripts to verify appropriate degree/courses.

3. Rank order applicants.

4. Decide a short list that the search committee will interview via Skype. The committee can interview as many candidates as they choose via Skype. Skype interviews are required prior to any on-campus interviews (and permission from OAA is required prior to all interviews, including Skype interviews, see #3-4).

D. Discuss the interview list with your Department Head prior to contacting the Dean. The search committee chair will send an email to the Dean and copy his/her/their Department Head and Director of Financial Affairs. The email must request permission to interview these candidates and the rationale for the selection. Make sure to include the Director of Financial Affairs in these requests as they are the OAA contact person for interviewing approval.

E. The Director of Financial Affairs will email the Search Committee Chair after the Dean and Provost have approved the candidates for interview.

F. After confirmation of the approvals to interview, the Search Committee Chair may contact the candidates to arrange Skype interviews.

G. Search committee interview candidates via Skype.

1. Develop a standard set of questions for Skype interview (See Appendix X for Sample Questions for Skype interview).
2. During interview, must obtain permission to contact references.
3. If candidates do not give permission to contact references, please notify the Dean and the Director of Financial Affairs and await further instructions.

H. Contact references:
2. Get permission from applicant before contacting references.
3. Develop a standard set of questions for references (see Sample Questions for References).
4. Determine who will contact which references.

I. Rank applicants after interviews and reference calls. Determine which candidates, if any, will be interviewed on campus. The top TWO candidates may be brought to campus for visits (must have permission from Dean to invite more).

J. Discuss the finalists with your Department Head prior to contacting the Dean. The search committee chair will send an email to the Dean and copy his/her Department Head and the Director of Financial Affairs. The email must request permission to bring the final candidates for on-campus interviews and provide the committee’s rationale for selecting the finalists. The Department Head must also email the Dean with his/her approval.

K. The Director of Financial Affairs or Dean will email the Search Committee Chair after the Dean has approved the candidates for on-campus interview.

L. After confirmation of the approvals to interview, the Search Committee Chair may contact the candidates to invite them for campus interviews. Search Chair must inform candidates that their names will be shared with other faculty not on the search committee, that his/her name will become public. If candidates do not give permission to make name public, please notify the Dean and the Director of Financial Affairs and await further instructions. Try to schedule campus visits in close proximity of time.

M. Candidate Travel Arrangements: The method of travel for the candidate needs to be the most economical method. Per UA Travel Policies “when traveling at The University of Alabama’s expense, travelers should, in all cases, seek to obtain the lowest possible fares and rates by scheduling their travel in the manner that will be the most economical to The University;” this includes the travel method as well as the timing of arrangements. The Search Committee Chair must request that the candidates make travel arrangements as quickly as possible (they must make & pay for flight arrangements, not the College). All flight arrangements should be made at least two weeks in advance to receive the best rate and ensure full reimbursement to the candidate. Make sure each candidate gets a Candidate Expense Report (see example) prior to leaving (include stamped, addressed envelope) [The Dean’s Operations Coordinator will provide stamped, addressed envelope if you provide the information to her].

N. Develop itinerary for candidate visit (see Sample Itinerary) [Chair should take responsibility for this, not a staff member].
1. Work out transportation from and to Birmingham airport.
2. Faculty must complete a Travel Authorization and use Concur in order to get reimbursed for travel associated with candidate visits.
3. Make hotel reservations. Hotel Capstone and Hampton Inn are most convenient; Your staff person should be able to complete the billing on a department P-card.
4. Start with Dean to schedule meetings.
   a. Other meetings for faculty positions may include: Department Head; Associate Deans; department faculty; search committee; research presentation; undergraduate and graduate students; K-12 school teachers and principals. Someone on the search committee or in the home department should coordinate these school visits.
   b. The Provost has not usually requested meetings with faculty nor Department Head candidates; if you believe it is important to include the Provost on the interview schedule, please review this with the Dean.
5. Faculty can use a department staff P-card (preferred) or must complete an Entertainment Expense Form and complete a reimbursement report in Concur in order to get reimbursed for entertaining costs associated with candidate visits. Limit meals:
   a. for breakfast: 2 faculty
   b. or lunch: 3 faculty
   c. for dinner: 3 faculty
   d. one person should pay entire bill at each meal (preferably a search committee member)
   e. save original, itemized receipts; they are required for P-card statement or for reimbursement [credit card slips with a total only are not acceptable documentation]
   f. tip amount can be up to 20%
   g. no alcohol on receipt
6. Email the itinerary to the candidate prior to his/her/their arrival.
7. Plan the visit well; allow enough time for faculty to make arrangements to be present for research presentations, meetings, etc.
8. Email candidates’ itineraries and vitae to your department colleagues, those meeting with the candidates, the Dean’s Office, and others you believe appropriate (the search chair must print the candidates’ vitae from the on-line system and make copies for distribution or scan and send as an email attachment).
9. Send the research presentation announcement and vita to the faculty distribution list.
10. Candidates for on-campus visits enjoy receiving a packet of information about the Tuscaloosa community, The University, and the College. You might want to include a copy of The Capstone Educator, the COE Annual Report, The University Quick Facts, and/or information from the Chamber of Commerce (go to the Chamber and pick up the various brochures available at no charge). You may also want to include information about the school systems.

O. Distribute feedback forms to all who interacted with candidates (see Candidate Feedback Form).

P. Search Committee must meet for confidential deliberations.

Q. The Search Committee Chair must meet with his/her/their Department Head.
R. After the discussion with the Department Head, the Chair must send an email to the Dean and copy his/her/their Department Head and the Director of Financial Affairs. The Department Head must also email his/her/their approval to the Dean.

S. In the email, the Chair lists the following:
1. “Acceptable” or “Unacceptable” votes for all final candidates, and
2. “Strengths and Weaknesses” summary of all final candidates,
3. However, DO NOT rank candidates.

T. The Dean will determine the finalist and forward the request to make an offer to the Provost (OAA) for approval (Dean will copy the Director of Financial Affairs on this request).

U. After OAA approves the finalist, the Dean will make an offer. Only after OAA has approved the finalist can the offer be made.

V. Finalist will be contacted by UA Human Resources to submit information directly to an outside vendor for a background check.

W. Finalist will be required to submit “official” transcript(s) of all graduate level work to Dean’s Office prior to employment.

X. After finalist has accepted position, the Search Chair should:
1. Send the Director of Financial Affairs the list of candidates not selected for interviews indicating either:
   a. Does not meet minimum requirements
   b. Less experience than candidate(s) selected for interview
   c. Less education than candidate(s) selected for interview
   d. Less experience and education than candidate(s) selected for interview
2. Work with the Dean’s Office Administrative Specialist to compose letter to all unsuccessful applicants/ candidates.

Y. Notes:
1. Maintain integrity and confidentiality during the search process.
2. Candidates are assessing us as we assess them.
3. We will email you this list and all of the handouts.

SREB Scholars Information

The SREB Doctoral Scholars are excellent prospects for faculty positions. Please make certain your search committees for faculty positions are using this resource.
TEACHING
**Ordering Library Materials**

The faculty member who identifies the need for library materials should notify an Education Librarian in writing via e-mail providing as much information as possible about the item requested. Librarians may be reached in writing via e-mail, or the link from the Library’s website can be used: [https://www.lib.ua.edu/forms/suggest-a-purchase-form/](https://www.lib.ua.edu/forms/suggest-a-purchase-form/)

1. Recommendations for books, periodicals, media and other electronic resources are welcome.
2. The Education Librarian will review University Libraries’ holdings to determine if the requested materials are already available.
3. If available, the librarian will notify the faculty member of the location of the needed materials.

If unavailable, the librarian shall order the materials, if sufficient budgetary resources exist, and notify the faculty member when the item is available.

**Posting of Office Hours**

As required by policies outlined within the UA Faculty Handbook, faculty are required to provide hours during which the instructor is available for meeting with students during the regular semester. For online courses, instructors must provide virtual office hours when students can expect more immediate feedback via email, text, phone call, or other electronic means. These must be posted in the syllabus on the first day of class, online or face-to-face. [http://provost.ua.edu/uploads/3/9/7/6/39760652/definitions_syllabus_8-16-2016_003_.pdf](http://provost.ua.edu/uploads/3/9/7/6/39760652/definitions_syllabus_8-16-2016_003_.pdf)

All faculty members must maintain regular and reasonably convenient office hours to answer questions from students and to advise students. In addition, faculty members are expected to schedule individual appointments as needed. The schedule of office hours must be posted and must be available in the departmental/program office. [http://facultyhandbook.ua.edu/ii-advising-office-hours-and-registration.html](http://facultyhandbook.ua.edu/ii-advising-office-hours-and-registration.html)

To facilitate the scheduling of appointments, meetings, and the delivery of messages, and to establish emergency contact information, office hour forms should be completed by all faculty at the beginning of each semester.

The **Office Hours Form** should be completed by faculty during the first week of each semester. Faculty should post one copy of the form on their office doors, and one copy should be turned in to the Department office.

**Syllabi for Courses**

The course syllabus provides expectations to the students; major assignments, exams, and class meetings must be articulated in the syllabus. A comprehensive course syllabus serves as notification to students of their course-related responsibilities and assists external accrediting
agencies in understanding how the course relates to overall program, degree, and/or certification requirements.

Students should be provided with a syllabus on the first day of class.

Course syllabi must be submitted and published in The University of Alabama Online Course Syllabus Management (UA-OSM) application.

To access syllabi in the OSM:

- Go to syllabus.ua.edu;
- Click Manage: Create and edit syllabi (for instructors); log into myBama;
- At My Courses, select Create under the Syllabus column for a course;
- Select to get to the Launch Editor command; this will take you to the new syllabus. Please insert text for ALL sections that are not pre-populated.
- When the syllabus is completed, select Publish. This final step is required in order for the students to view the syllabus

**Inclement Weather Protocol for Syllabus**

UA is a residential campus with many students living on or near campus. In general classes will remain in session until the National Weather Service issues safety warnings for the city of Tuscaloosa. Clearly, some students and faculty commute from adjacent counties. These counties may experience weather related problems not encountered in Tuscaloosa. Individuals should follow the advice of the National Weather Service for that area taking the necessary precautions to ensure personal safety. Whenever the National Weather Service and the Emergency Management Agency issue a warning, people in the path of the storm (tornado or severe thunderstorm) should take immediate lifesaving actions.

When southwest Alabama is under a severe weather advisory, conditions can change rapidly. It is imperative to get to where you can receive information from the National Weather Service and to follow the instructions provided. Personal safety should dictate the actions that faculty, staff and students take.

Strategic Communications will disseminate the latest information regarding conditions on campus in the following ways:

1. Weather advisory posted on the UA homepage
2. Weather advisory broadcast over WVUA at 90.7 FM
3. Weather advisory broadcast over WVUA 7

WVUA 7 Storm Watch provides a free service you can subscribe to that allows you to receive weather warnings for
In the case of a tornado warning (tornado has been sighted or detected by radar; sirens activated), all university activities are automatically suspended, including all classes and laboratories. If you are in a building, please move immediately to the lowest level and toward the center of the building away from windows (interior classrooms, offices, or corridors) and remain there until the tornado warning has expired. Classes in session when the tornado warning is issued can resume immediately after the warning has expired at the discretion of the instructor. Classes that have not yet begun will resume 30 minutes after the tornado warning has expired provided at least half of the class period remains.

Instructor and Course Evaluation

Instructor and course evaluations are conducted during the last two weeks of the semester prior to the beginning of the final exam schedule. All College of Education courses except dissertation research and independent study must be evaluated and an email from The Office of Institutional Research & Assessment (OIRA) is sent to faculty verifying courses to be evaluated. The OIRA then collects data using the Student Opinions of Instruction and transfers results to Digital Measures and through the faculty tab of myBAMA. Faculty are expected to provide teaching evaluations when submitting requests for reappointment, tenure/promotion and merit pay.

Student Complaint Procedures

Step 1. (optional) Student raises the issue of concern with the faculty member involved and tries to resolve the concern to the satisfaction of both parties. If the student is not comfortable with taking this first step, the student may proceed to Step 2.

Step 2. If the first Step is taken, and no resolution is found, the student may file a formal complaint or grievance with the Department Head and offer any documentation in support of the grievance. As indicated above, the student may also start the grievance process with a formal complaint to the Department Head.

Once in receipt of the complaint, the Department Head is expected to work with the two parties to find a resolution to the mutual satisfaction of the parties. The Department Head is also expected to keep a documented record of the effort and to forward all documentation, as it pertains to the complaint, to the Senior Associate Dean if the complaint remains unresolved. Step 2 should take no longer than two weeks.

Step 3. Should the problem remain unresolved, the complaint (and all of the accumulated documentation) is forwarded to the Senior Associate Dean to come under University grievance policies as outlined in the University’s Faculty Handbook. The Senior Associate Dean then investigates the grievance, surveys the documentation pertaining to the case and provides a summary and a recommendation to the Dean. The Dean then renders a final decision. This final Step should not take any longer than two weeks.
Step 4. If the student is not satisfied with the decision offered by the Dean, the student may appeal to the Office of Academic Affairs.

FERPA

The Family Educational Rights and Privacy Act (FERPA) of 1974, as amended, is a federal law that protects the privacy and confidentiality of personally identifiable information contained within student education records. The University of Alabama complies with FERPA’s confidentiality protections and adheres to procedures dealing with student education records and directory information recommended by the American Association of Collegiate Registrars and Admissions Officers (AACRAO). For complete information on UA policies with regard to FERPA, go to https://registrar.ua.edu/academics-policies/ferpa/

Requesting Textbooks

Textbook information is requested from The University of Alabama Supply Store (SUPE) via email.

Selection of Faculty Authored Textbooks

In cases where a faculty member desires to use textbook(s), laboratory manuals, computer software, or other materials which he/she/they has/have authored or from which he/she/they receive(s) royalties, the faculty member must:

1. Obtain approval from the department committee appointed for this purpose. Faculty members requesting self-authored textbook recommendations may not vote on the decision to recommend.
2. Notification of the committee’s decision should be sent to the Dean.
3. Whenever possible, recommendations should be submitted three months prior to the beginning of the next semester.
4. The faculty member will be notified of the decision by the Dean's Office.
Doctoral Course Work

This section includes important policies that pertain to doctoral coursework; please see the Graduate School Catalog (or online at [http://graduate.ua.edu/](http://graduate.ua.edu/)) for additional policies and procedures.

Programs of Study

Soon after admission to the Graduate School, each doctoral student is expected to complete the Outline of Doctoral Program (see [https://graduate.ua.edu/current-students/forms-students/](https://graduate.ua.edu/current-students/forms-students/)).

Doctoral programs of study may include coursework which has been earned six years prior to the date of the student's admission to the doctoral program. All degree requirements must be completed within seven years of the student's admission to the doctoral program. Under unusual circumstances, students may petition for a one semester extension to the seven-year time limit if recommended by the Department Head and approved by the Graduate Dean. If a student fails to complete all degree requirements within seven years of the student's admission to the doctoral program, the student will be dropped from the doctoral program and must reapply for admission. Students may include in their program of study courses that have been earned six years prior to the date of the student's admission to the doctoral program and must complete all degree requirements within six years from admission to the doctoral program.

Students who have not completed all degree requirements by the end of the six-year time limit must seek permission to continue in the doctoral program from their doctoral committee and Department Head and the Graduate Dean. If an extension is warranted, then the student must validate all out-of-date courses.

Research Courses

12-18 semester hours of research/statistics course work is required in Ph.D. and Ed.D. programs.

Doctoral students within the College of Education must complete a minimum of four graduate level research methodology classes, three of which should be BER designation (or equivalent research methodology courses from other colleges).

Individual programs may require up to five research methodology classes, including suitable methodology classes within their disciplinary field.

Foundations Courses

Students pursuing Ph.D. and Ed.D. degrees in the College of Education must satisfy the following foundations requirement: 12 hours of graduate coursework comprising any BEF or BEP courses or any non-research methods course outside the student’s department.

Foundations courses cannot come from the student’s major program.
Approved by the program of study committee, these classes should introduce the student to theoretical discourses and bodies of knowledge that provide a depth and breadth of understanding necessary for fluency with the research, theory, and scholarship foundational to the student’s field of inquiry and dissertation research.

Residency Requirements for Doctoral Education

The University of Alabama recognizes that doctoral students should be immersed in advanced study and inquiry, interact extensively and meaningfully with faculty and peers, engage with the academic community in their field, and have access to the educational resources of The University. To achieve these goals, a minimum of 50 percent of coursework hours to be counted in a student’s doctoral program must be from The University of Alabama (exclusive of dissertation research hours and subject to the Graduate Catalog’s Transfer of Credit policies). Additionally, 100 percent of dissertation credit hours must be from The University of Alabama. Diverse academic traditions, rapidly changing instructional modalities, and new student populations are acknowledged and accommodated with this policy.

Graduate Assistants

Graduate Assistantships Requirements

1. No department may commit to a GA or GTA appointment supported by the Provost’s or the Dean’s office to a Masters student without approval from the Dean’s office. Faculty members who support their own students via grants or contracts are free to appoint Masters students without the approval of the Department Head or the Dean.
2. Conditionally admitted doctoral students may not be given a GA or GTA appointment supported by the Provost’s or the Dean’s office. Students are eligible for an appointment after the conditional designation is removed. Faculty members who support their own students via grants or contracts are free to appoint conditional admits to GA positions.
3. Graduate assistantship applications must include at a minimum: transcripts (from Graduate School), three relevant references (phone numbers and email addresses), and a written statement of competencies, skills, and potential contributions.
4. Each Department Head will establish a Department-wide screening committee to review applications based on a set of clear, relevant criteria. This review will occur no later than March 1 of each year. Commitments to graduate assistants prior to this date must be approved by the Department Head in consultation with the program coordinator, using a set of clear, relevant criteria.
5. Assignments should be made no later than May 1 before the fall term when the person is to be employed.
6. The Dean reserves the right to pull any unassigned assistantships back into the Dean’s office permanently or temporarily.
7. A formal evaluation procedure must be enacted to indicate in writing what the graduate assistant is expected to do (see GA Planning Guide in Appendices), how the graduate
assistant actually performed (see **GA Evaluation** in Appendices), and whether the individual will be recommended again for future support.
RESEARCH
Support for Research

Overview

The College of Education’s Faculty Research Grant Program is an investment in the continuous growth of faculty and the College. A primary overarching goal of awarding these small grants is to enhance the likelihood that recipients will continue to work on their projects and acquire external funding in the future. Thus, those projects that show the promise of future external funding will be given the highest priority.

Program Funding

Each year, the College of Education Office of Research and Service will budget funds for this Faculty Research Grant Program. Assuming the submission of sufficient proposals from each type of applicant and within the more specific guidelines for eligibility outlined below, approximately 2/3 is allocated primarily for award to untenured and contract faculty members as lead investigators, and 1/3 is allocated primarily for award to tenured faculty members as lead investigators who are exploring new research topics/methodologies and/or working with untenured faculty members as co-investigators. At present, the maximum funding for an individual grant project is $6,000 and funds will be available for use for one year from the date of award notification.

Funding for the program is provided through the portion of the indirect cost (F&A) recovery from College of Education grants that remains with the ORS after required indirect cost distributions to project Principal Investigators, COE instructional departments and COE research/service centers. Based upon the availability of additional funds, another round of proposals may be accepted later in the year.

Eligible Applicants

Only full-time, tenure-track and contract faculty members in the College of Education are eligible to apply for these funds as lead investigators who do not currently have an active internal grant from the COE or from the UA Research Grants Committee (RGC). In descending order, the project/faculty funding priorities will be as follows:

1. Non-tenured faculty members who do not currently have a balance in other start-up funds from the Dean and do not have an in-force RGC grant.

2. Tenured faculty members collaborating with non-tenured College of Education faculty members as co-investigator(s), none of whom has an in-force RGC grant.

3. Tenured faculty members working together or alone if the research represents a new line of inquiry OR involves the exploration of a methodological approach that represents a departure from their more typical mode inquiry AND who have no in-force RGC grants.

4. Other tenured faculty members who do not have any in-force RGC grant and are not covered in 2) or 3) above
5. Contract (non-tenure track) faculty members working in collaboration with tenured or tenure-track faculty members, none of whom have an in-force RGC grant.

6. Non-tenured faculty members who still have a balance in start-up funds from the Dean but do not have an in-force RGC grant.

In all cases, proposals for collaborative projects – particularly those involving faculty members from multiple programs and/or departments – are strongly encouraged. *Faculty members who have currently active UA RGC grants are not eligible for funding under this call during this cycle.*

**Application Process**

You may begin submitting proposals any time after receiving this RFP. Proposals will be accepted and reviewed throughout the year until all funds budgeted for this research support program for the year have been awarded. Submit a Word file containing one copy of the proposal, one completed budget form (below) and an applicant information sheet (also below) for each faculty member who is an investigator on the project to the Associate Dean for Research and Service. Members of the Research and Faculty Development Committee (RFDC) will review proposals on an “as needed” basis and make funding recommendations to the Associate Dean. The proposal evaluation criteria used by the Associate Dean and the RFDC accompany this call for proposals.

**Proposal Guidelines**

Proposals must be no longer than 6 double-spaced pages in length (excluding Applicant Information Sheet(s), budget, references, and appendices/exhibits) and should include the following information:

- Project Title
- Need for and Significance of the Study
- Purpose of the Study
- A brief review of prior research that supports the need for the current study and situates it within the literature and knowledge development particular to the field of study. If the proposed study represents a new line of inquiry for the investigator(s), please indicate how this is the case.
- Methodology – Conceptual/theoretical framework, research questions, research design, population and sample identification and selection, data collection methods, data analysis methods. If this study represents a new method of inquiry for the investigator(s), please indicate how this is the case.
- Plans for disseminating findings
• Budget narrative, including a description of specifically how the funds from the grant will be used and a statement of other funding sources (received or applied for), if applicable.

• A description of how this project fits into the researcher’s long-term research agenda.

• *A description of the ways in which this project, if funded, could lead to future externally funded research projects.*

In addition to the 6-page (maximum) narrative, the proposing faculty member(s) should include the following:

• A completed Budget Form outlining all requested funds by expenditure category (see attached)

• A completed Applicant Information Sheet for each faculty member participating in the proposed project (see attached). If more than 3 investigators are involved in the project, please copy the co-investigator form and include one for each additional person, accordingly.

• As appropriate, a listing of references and/or appendices/exhibits to support the proposal narrative.

**Amount of Available Funding**

The maximum award is $6,000.00 but proposals can have budgets of less than the maximum. The amount may vary according to: (a) the needs of the project, (b) the funds available, and (c) the extent to which the applicant has access to other funds, materials, and equipment.

**Funding Period**

The award of funds under this call for proposals will be made via e-mail. Funds become available upon receipt by the Office of Research and Service of a copy of the researcher’s IRB approval letter for the study being conducted. You will have 12 months from the date of award notification to spend funds awarded and complete your research project. Funds not expended by the end date of the project will be reallocated by the College of Education Office of Research and Service to other projects proposed under this call. As a standing practice, the ORS will grant no extensions of time for the expenditure of grant funds awarded. Therefore, faculty members should (a) indicate the proposed start date and end date for their projects, and (b) ensure that the expenditure of awarded funds can be accomplished within the award period. Exceptions to this may be requested in writing and made in the event of truly calamitous situations.

**Items for Which Funding May Be Requested**

COE Faculty Research Grant funds may be requested for researcher summer salary and benefits, graduate student assistance, clerical assistance (e.g., transcription service, etc.), teacher or participant stipends, equipment and/or software needed for data collection and/or analysis.
that is not readily available in the COE, travel to data collection sites, and research materials/supplies.

If seeking funding to pay graduate or clerical assistants, the function and need of the assistance must be clearly explained in the proposal, including an explanation of how such assistance is beyond what the proposal author already receives from graduate assistants or office staff personnel in her or his instructional department. Also, please remember that the current guidelines for the employment of graduate assistants beyond 0.50 FTE are very restrictive, so proposers are well-advised to consider projects that can benefit from having students work in the summer or to consider using part-time student workers who are not already on assistantships. All standard UA policies regarding the employment of graduate students must be followed and students may not begin working on your project until all required pre-employment processes have been completed.

Research supplies and classroom supplies may be requested. Classroom materials must be used as part of the research process (e.g., student consumable materials), and may be left in the classrooms at the completion of the research. Specialized software may be purchased for use on a College of Education owned computer (laptop or desktop), and may remain on the faculty member’s computer at the completion of the project. Computer hardware and other equipment that is requested (e.g., laptop computers, iPads, transcribing machines, instructional technology, etc.) must be justified in the proposal. All equipment and non-consumable supplies and materials (e.g., books, DVDs, teaching models, etc.) must be returned to the College of Education Office of Research and Service at the end of the grant.

Travel expenses are limited to those expenses that are needed for the completion of the research project. The applicant should justify the travel expenses in the proposal. Travel related solely to participate in faculty member professional development training activities or to present results of the research at a conference or other venue will not be funded.

**Faculty Salary and Benefits:** Up to $3,000 may be included in the proposal budget to fund salary and benefits (combined total) for faculty summer research. Bear in mind, however, that benefits must be calculated at 32% of the salary amount. Also, funds expended on summer salary from this award will be factored in when determining total allowable workload and salary for summer months, along with other teaching and funded research.

NOTE: All spending of COE Internal Grant funds must be done through the Office of Research and Service. Faculty members should not ask office staff in their instructional departments to incur any expenses that will be charged to the funded project.

**Protection of Human and Animal Subjects**

Approval of the Institutional Review Board (IRB) is required, if applicable, before the project may begin and costs may be incurred. Information about the IRB can be found at the UA Office of Research Compliance website at [http://ovpred.ua.edu/research-compliance/](http://ovpred.ua.edu/research-compliance/).
The researcher must provide a copy of the IRB approval letter(s) to the COE Office of Research and Service before any expenditures related to the funded study can be made.

**Change in Project Plan**

Before any substantive changes in the original research proposal are made, a written explanation MUST be submitted to the Office for Research and Service for review and approval. Unauthorized changes in the research project can result in discontinuation of research fund.

**Research Report**

All COE Faculty Research Grant recipients are required to submit a report, typically in the form of an article manuscript or conference proposal or presentation, at the conclusion of the research period to the Associate Dean for Research and Service. Recipients also must present their research at a meeting determined by the Research and Faculty Development Committee. Those who fail to meet this requirement will not be considered for future awards.

**Other Research Funding Support**

Additional support for faculty research is made available from the Office of the Vice President for Research and Economic Development through the Research Grants Committee. Information on this funding program may be accessed online at [http://ovpred.ua.edu/rgc/](http://ovpred.ua.edu/rgc/) and in Chapter 3 of The University of Alabama Faculty Handbook.

The Office of the Vice President for Research and Economic Development also provides funding to support faculty travel to visit potential grant funding sponsor, as well as regular trips to Washington DC to visit with federal agency program officers. Information about these programs can be found on the “Faculty” tab of the OVPRED website at [http://ovpred.ua.edu](http://ovpred.ua.edu).

**Allocation of Indirect Cost Funds Returned to College**

The current University Policy on the allocation of indirect cost recovery (*University Faculty Handbook*, Chapter Three, Section X. B. 1. Allocation of Indirect Cost Recovery on Sponsored Contracts and Grants) is as follows:

Academic divisions receive the equivalent of at least forty percent of the indirect costs paid by research contracts and grants. One-half of these monies goes to the division, one-fourth to the department or area, and one-fourth to the principal investigator to be used for purposes other than salary for the investigators. These funds provide general support to enhance research programs and activities in the divisions and departments. Each division sets policies for the use of these divisional and departmental funds. Admissible uses include: purchase and maintenance of equipment; printing of pamphlets and brochures showing research capability and results; typing of manuscripts; and taking any other action which has the potential to improve or promote research programs and which is approved by the Executive Vice President and Provost and the Comptroller.
Currently, the University Office of Research returns 40% of the indirect funds charged to grant and contract funders to the College. In accordance with the University Policy, the funds returned to the College of Education will be allocated in the following manner:

1. 25% of the returned funds will be allocated to the principal investigator. If there are co-principal investigators, the funds will be distributed proportionally based on the percentages identified on the Office for Sponsored Program’s Cayuse Internal Processing Form (IPF).

2. 25% of the funds will be allocated to the department or departments of the principal investigator(s) proportionally.

3. If the grant or contract is being administered through a UA Board-recognized center, 25% of the funds will be allocated to the center.

4. The remaining indirect funds will administered by the COE Office of Research and Service. This will be 25% of the returned funds if the grant is administered through a UA Board-recognized center, or 50% of the returned funds if the grant is not administered through such a center.

Please note that all expenditures of these funds must be in accordance with established College and University policies. Consult the Faculty Handbook at the URL below for more information at: [http://facultyhandbook.ua.edu/x-support-for-research.html](http://facultyhandbook.ua.edu/x-support-for-research.html)

**Research Compliance at The University of Alabama**

The University of Alabama is dedicated to assisting faculty, research associates, staff, and students in understanding federal, state and university research compliance standards and regulations.

The purpose of the Office for Research Compliance (ORC) is to provide internal oversight on compliance relating to the performance of human and animal research, conflict of interest, scientific misconduct and export control. ORC emphasis is to ensure the rights and well being of human and animal subjects, ensure regulatory compliance, support our investigators and staff, protect the University and advance science.

All research conducted by faculty, staff and students within the College of Education must comply with all federal and state regulations, and with all University policies. Compliance with all guidelines is the responsibility of the Principal Investigator and, when research is being done by students, that responsibility is shared by the faculty member supervising the student’s work. For most studies undertaken within the College, the primary areas of concern regarding research compliance are protection of human participants and conflict of interest.
Protection of Human Participants – Institutional Review Board (IRB)

The purpose of The University of Alabama's Institutional Review Board (IRB) is to ensure the safe and ethical treatment of humans as subjects in research, public service, and training programs. In accordance with federal and university regulations, it is required that the IRB review all research involving human subjects conducted at or sponsored by The University of Alabama regardless of the funding source. The University of Alabama's IRB has a moral duty and obligation to protect human subjects prior to the commencement of any research study and to discontinue any protocol upon notification of irregular activity warranting such action.

Rules, regulations and institutional policies regarding human participants change from time to time. It is the responsibility of the researcher to comply with the guidelines that are currently in force. The Office of Research Compliance posts IRB Notes on their website at http://ovpred.ua.edu/research-compliance/institutional-review-board-irb/ when changes occur. When commencing with a new research project, the investigators should consult this website.

The Research Compliance website at http://ovpred.ua.edu/research-compliance/ also has links to all policies, guidance documents, and necessary forms related to research involving human participants.

All faculty, staff, and students conducting research involving human participants must complete required initial and follow-up training. Information on how to complete this training can be found under “Training” at http://ovpred.ua.edu/research-compliance/institutional-review-board-irb/.

Researchers who are not certain which training to complete are encouraged to contact the Office of Research Compliance for guidance, as there are multiple options that are required for different types of research. All researchers are responsible for maintaining current training certification. No research project will be approved for which all project personnel do not have current certification.

Prior to the commencement of any research project, it is the responsibility of the principal investigator to submit a protocol for IRB review. This is done electronically via the eProtocol web-based interface which is accessed via the myBama website, and is found within the “Research” tab. Training in how to use eProtocol is available. To register for a training session, follow the appropriate lengthy under the title “Submitting Human Subjects Protocol – Registration” under “Training” at http://ovpred.ua.edu/research-compliance/institutional-review-board-irb/.

Researchers whose work involves human participants in any way may not independently determine whether or not their project will require IRB oversight. Thus, even for studies which the researcher believes to be exempt should be submitted for review via eProtocol.

Until IRB approval – or the determination by the Office of Research Compliance and the IRB that such approval is not necessary – no data collection may take place. Additionally, for research that is funded by grants (internal or external) or contracts, no expenditures will be allowed in advance of the formal approval of the study.
Research at Other Higher Education Institutions

Research conducted by UA faculty, staff and/or students which will take place at other colleges, universities or other educational institutions must receive approval from the UA IRB and the IRB at the host institution in advance of any data collection. It is the responsibility of the researcher to obtain and report the approval of the host institution’s IRB as part of her or his UA IRB application.

Research in Schools

Those researchers who need assistance in locating and/or gaining entry to conduct research in PK-12 schools must contact the College of Education’s Senior Associate Dean prior to making any direct contact with school personnel, students or parents.

Conflict of Interest Disclosure

The University has developed this policy relating to conflicts of interest applicable to all UA investigators and the policy applies to all sponsored programs, including federal, state, and local government; industry; or not-for-profit sponsors. The policy also covers UA intellectual property licensed to an entity in which a UA investigator owns an interest or serves as an employee, officer, or member of the Board of Directors regardless of the source of funding. The policy is to be administered in conjunction with laws and policies setting forth standards of conduct including Title 42 Code of Federal Regulations (CFR) Part 50, Subpart F; Title 45 CFR Part 94; the Ethics Act of the State of Alabama; and University of Alabama Faculty Handbook, Appendix E, On Preventing Conflicts of Interest in Government-Sponsored Research at Universities.

The University of Alabama’s policy on conflict of interest states that, “anyone who is responsible for the design, conduct, or reporting of federally-funded research, regardless of his/her title or role on the project or the receipt of funding must submit a disclosure. This definition includes adjunct faculty, students, volunteers, subcontractors, consultants, collaborators, research coordinators, research assistants, and other research staff.”

Conflict of interest training must be completed and a Conflict of Interest Disclosure must be on file with the Office of Research Compliance for all affected personnel prior to the commencement of any new funded research project. No expenditures related to the project may be incurred prior to conflict of interest clearance by Research Compliance.

All affected employees must file an updated Conflict of Interest Disclosure annually during the annual disclosure period, which is currently September 1 through September 30. Additionally, if circumstances change which could affect the employee’s status regarding potential conflict of interest at any time during the year, she or he must file a revised Conflict of Interest Disclosure immediately.

Information regarding Conflict of Interest training and disclosure procedures is available online at http://ovpred.ua.edu/research-compliance/conflict-of-interest/.
College of Education Committees

All members of the COE are expected to serve on committees. A list of the COE working committees is available at https://education.ua.edu/facultystaff/. For questions concerning individual committees, please contact that committee’s chairperson.

Academic Bankruptcy Committee

Current Chair: Dr. Kathy Wetzel

The Bankruptcy Committee is composed of five faculty members, representing each certification program, and are elected on a yearly basis. The committee reviews requests to retroactively withdraw from one academic semester. The committee makes recommendations to the Dean of the College who holds the right to grant or deny the petition.

Academic Issues Committee

Current Chair: Dr. Stacy Hughey Surman

The primary purpose of this faculty-led committee is to review, provide oversight and make recommendations to the Dean of the College based on Committee and Faculty feedback regarding curriculum change, development, and academic policy in the College.

Assessment Committee

Current Chair: Dr. Liza Wilson

The Assessment Committee, comprised of departmental faculty, assessment staff, and student representatives provides feedback and support for the College's continuous improvement plans for student performance and program quality.

educ.assessment.ua.edu

Clinical Experiences Advisory Committee

Current Chair: Dr. Tammy Brown

The purpose of the CEAC is to advise the Coordinator of Teacher Internships and Clinical Placements on policies and procedures related to undergraduate and graduate clinical experiences and student teaching.

Diversity Committee

Current Chair: Dr. Philo Hutcheson

Committee Description:
Exceptions Board

Current Chair: Dr. Kathy Wetzel

Membership is representative of the diversity of the College of Education faculty and is self-perpetuated, subject to the approval of the Leadership Council, and may include ex-officio members. When requested, the Board will review and make recommendations about exceptions such as out-of-area internship placements, extensions to timelines, and course withdrawal after deadlines. The Exceptions board makes recommendations to the Dean of the College, who makes decisions regarding the requests.

Faculty Handbook Committee

Current Chairs: Drs. Colleen Geary and Liza Wilson

The purpose of the Faculty Handbook Committee is the regular maintenance of the COE Faculty Handbook.

Committee Description:

Faculty Issues Committee

Current Chair: Dr. Carl B. Hancock

The purpose of the Faculty Issues Committee (FIC) is to review all issues that are not addressed by existing policies, structures, and procedures which impact faculty members directly, consider input from faculty, and advise the Dean of the College on these matters.

Faculty Senate (Education)

Current President: Rona Donahoe, Professor, Geological Sciences

The purpose of the Faculty Senate is to aid The University of Alabama in making judgments on questions of policy, development, and operations and thereby to assist the University in its continuing quest for excellence. It seeks to accomplish this goal by facilitating and encouraging meaningful input on matters of general faculty concern and providing a readily accessible channel of communication through which continual dialogue and exchange of information and ideas may be carried on between the Faculty and University Officials.

http://faculty senate.ua.edu

Graduate Council (Education)

Current Chair: Dr. Andrew Graettinger, Engineering
Review, evaluate, and provide recommendations to the Provost/Academic Vice President on proposals for new graduate programs, and on existing programs on a continuing basis; promote quality in graduate programs; develop University-wide policies on graduate students; develop policies on financial aid for graduate students and develop agenda for graduate faculty meetings.

https://graduate.ua.edu/faculty-staff/about-graduate-council/

Dean’s Student Advisory Committee

*Current Chair: Dr. Peter Hlebowitsh*

The purpose of the committee is to provide an opportunity to discuss any emerging student concerns related to the policies and practices of the College of Education.

Honors Day Committee

*Current Chair: Dr. Rebecca Ballard*

The purpose of the committee is to organize the events of Honors Day including selection of recipients and arrangement of the event.

Professional Staff Assembly (UA)

*Current Reps: Lynn Heard and Chris Lee*

Working with Human Resources and other departments at the University, the PSA addresses such important employee issues as healthcare coverage, parking arrangements, child care possibilities, benefits tailoring, and more. Elected members interface with the Faculty Senate, OCTSA and several other agencies of the campus community to more fully serve the needs of employees.

http://psa.ua.edu

Research and Faculty Development Committee

*Current Chair:*

Committee Description:

College-wide Tenure and Promotion Committee

*Current Chair:*

Committee Description:

James P. Curtis Lecture Committee
Current Chair: Dr. Rebecca Ballard

Established in 2005 by the Capstone Education Society to honor the memory of James P. Curtis and to promote the education of students in the College of Education at The University of Alabama.

https://education.ua.edu/outreach/lecture-series/

Julie Laible Lecture Committee

Current Chair: Dr. John Petrovic

The committee included two members from the College of Education and one member from the African-American Studies program. The goal of the lecture series is to annually bring to Tuscaloosa a nationally recognized scholar with expertise in the study of institutional racism and/or anti-racist education to deliver a lecture or lectures to University of Alabama students, faculty, and local community members.

https://education.ua.edu/outreach/lecture-series/

Leadership Council

Current Chair: Dr. Peter Hlebowitsh

https://education.ua.edu/facultystaff/leadership-council/

Wellness Committee

Current Chairs: Ms. Vicky Lammon and Dr. Colleen Geary

The purpose of the Wellness Committee is create and sustain a culture of well being in the College of Education.

Technology Advisory Committee

Current Chair: Dr. James Hardin

The Technology Advisory Committee works to promote and support the faculty, staff and students of the College of Education in the appropriate use of technology.

Staff Council

Current Chair: Dr. Rebecca Ballard

The College of Education Staff Council recognizes the COE staff as an integral and important part of the College. The Council shall serve as a representative body of the staff of the College
with the primary purpose of contributing to the mission and vision of the College of Education and to facilitate the integration of staff voice in matters of the College that affect or are of importance to staff.

https://education.ua.edu/faculty-staff/staff-council/

**International Programs Office Advisory Committee**

*Current Chair: Dr. Joy Burnham*

The OIP Advisory Committee offers support, assistance, and advice related to the facilitation of international off-campus sites in the College of Education.

https://education.ua.edu/outreach/centers/oip/

**Recruitment and Retention Committee**

*Current Chair: Dr. Carlton McHargh*

The goal of the College of Education’s Recruitment and Retention Task Force was to create a recruitment and enrollment management plan that will help our College deal with current enrollment declines in our teacher education program. Unfortunately, we are witnessing significant declines in teacher education enrollments across the whole country. But we are not going to accept this trend here. We need to find a good way to aggressively recruit strong students to come to our doors, even in the face of a proliferation of alternative teaching routes, and to ensure that our program is one that is viewed as the most desirable and most marketable teacher education program in the state.

**Scholarship (Graduate and Undergraduate) Committee**

*Current Chair: Dr. Rebecca Ballard*

The standing scholarships committees (appointed by the dean and the coordinator of scholarships) meet to review and award scholarships in the College of Education.
University Committees

From The University of Alabama Faculty Handbook, “The University maintains a number of University Standing Committees and appoints University Task Forces that deal with special matters not in the purview of a standing committee, to assist the administration in reaching decisions and to ensure representation of appropriate segments of The University community. These committees and task forces make recommendations on issues of concern to The University community, as well as working closely with the President and the Provost/Vice President for Academic Affairs both to oversee The University’s planning process and to help establish University budgetary priorities and allocations. The importance of their work is recognized by giving them access to all information relevant to their missions and by giving them timely written responses to their recommendations. These committees and task forces make annual written reports, which are filed in the Library and are available upon request.” See http://committees.ua.edu/section-i.html and http://facultyhandbook.ua.edu/v-faculty-participation.html.)

Faculty Senate

From The University of Alabama Faculty Handbook, “The Faculty Senate consists of faculty members elected from the various divisions. The Senate aids The University in making decisions on issues of policy, development, and operations by: 1. Offering advice and suggestions on matters of general faculty concern and 2. Providing a channel for communication between the faculty and University officials.

The Faculty Senate’s deliberations and recommendations should reflect the opinion of the faculty at large. Service in the Senate is a high honor, carrying with it responsibility to report to one’s division about the Senate’s activities, to solicit the opinion and advice of divisional colleagues on issues before the Senate, and to represent divisional colleagues in Senate debate and votes.” (See http://facultyhandbook.ua.edu/appendix-f.html).
APPENDICES
Search Committee Code of Ethics

Searches are an opportunity for an institution to demonstrate high ethical standards. Searches done well win the respect and praise of candidates who are offered positions as well as those who are not. In addition, an effective search is an opportunity for the institution to show itself favorably to many groups and individuals (e.g., national references, professional colleagues). To attract the best candidates, to retain until closure those who are most competitive, and to fulfill a responsibility to treat candidates confidentially and ethically, the search committee should commit itself to:

- Create a search environment which respects the rights and dignity of all persons
- Maintain in strict confidence and in perpetuity:
  - All information about candidates secured during the search process (e.g., names, written materials, references)
  - All search committee conversations and deliberations
- Put aside personal agendas, biases, or political positions so that each candidate has an honest and fair evaluation
- Represent the institution as a whole (department, College, and University) rather than individuals or group stakeholders
- Receive candidate permission prior to reference checking for both references on list and references not on the candidates list
- Establish accuracy of information on candidates
- Ensure the safety of records after the search is completed retaining search records in compliance with institutional, state, and EEOC guidelines and disposing of records in a manner which retains candidate confidentiality
- Follow all by-laws of the institution and laws of the state and nation
- Affirm that only the chair of the committee speaks for the committee

Adapted from UA Presidential Search Committee Materials, 2003
Questions for References

**You can modify the questions as appropriate for your position**

Candidate: __________________________
Position: __________________________
Reference: __________________________

1. In what capacity have you worked with ________?
2. Why has ________ applied for the position at the University of Alabama?
3. Why should we consider ________ for this position?
4. What experiences has ________ had in working with pre-service and in-service teachers from rural communities?
5. What experiences has ________ had in working with pre-service and in-service teachers from diverse backgrounds?
6. What teaching experiences has ________ had at the secondary and university levels? What collaborative experiences with 6-12 (K-6, etc.) teachers?
7. How would you describe ________'s interpersonal and human relations skills?
8. Does ________ have a well-conceptualized research agenda? How prepared is ________ to develop an outstanding record of scholarship, service, and teaching?
9. What experiences has ________ had with integrating technology into instruction?
10. What are some specific qualities ________ has to offer?
11. What more can you share about ________?
12. Can you share other possible names of references who have knowledge of ________’s skills and abilities for this position?

Reimbursement Procedures for Expenses Incurred During On-Campus Interviews

Faculty candidates will need to go online and fill out the UA vendor registration (which includes the direct deposit information) at https://bnrsupport.ua.edu/vendor/. Once on that webpage, under ‘Register for Pending Payment or Purchase Order’ click on the link to access the UA Vendor Information Form. When prompted, you will have to enter a UA contact name; enter Patricia Powe (she is the College of Education Director of Financial Affairs). You should complete the online form and enter your direct deposit information. Then send the original receipts along with this form in the provided stamped, self-addressed envelope to Ms. Elizabeth Wade, Financial Affairs Accounting Assistant, The University of Alabama, College of Education, Box 870231, Tuscaloosa, AL 35487-0231.

The expenses listed below were incurred during my on-campus interview for the position of ____________________________________________________________, in the College of Education, The University of Alabama on __________________________________________. (dates)

Attached are original receipts for expenses as listed below:

Written Petition Form for the Faculty Issues Committee

FIC Petition #________________

Completion of the following information is intended to permit communication from and to the Faculty Issues Committee Chair. The petition # above will be assigned by the FIC Chair to page 2 of the petition. The cover will be removed from the petition to allow blind reviews by the committee and subsequent considerations. The FIC Chair will contact you to let you know when your petition will be introduced to the committee. The petitioner may attend the meeting if he/she/they choose(s).

Petitioner Name: ____________________________________________________________

Petitioner Email: __________________________________________________________

Petitioner Phone: __________________________________________________________
Completion of all sections of the petition will advance reviews in the most timely and efficient means possible. Please provide as much information as possible to substantiate the issue.

e. Describe the issue/complaint.

f. Describe the context/history of the concern.

g. Provide any supporting information to clarify the concern.

h. Project the scope/impact of the issue/concern on others.

i. Describe any prior attempts and contacts made to minimize/eliminate this issue:
   • Academic Issues Committee
   • Appeal to an administrator or department head
   • Leadership Council
   • Other _______________________

j. Articulate a proposed solution that would satisfy this concern.
New Course Proposal Form

COURSE NUMBER/NAME: ____________

A. Complete The University of Alabama Course Inventory Form and attach it as the cover page to this request.

B. Attach a syllabus for the course which includes:
   1. Course number, title and number of credit hours
   2. Catalog course description, including all prerequisites.
   3. Course goals and specific educational objectives for each major instructional unit.
   4. Required text(s) and/or readings.
   5. Description of required clinical experiences and assignments, if appropriate.
   6. Description of assignments.
   7. Number and nature of examinations, including policy for make-up tests.
   8. Grading procedures for tests and assignments.
   10. Attendance policy.
   11. Policy on academic misconduct.
   13. Course bibliography, if appropriate.

C. Provide the following information for review by the Department Head.
   1. Describe the rationale for the course.
   2. Name the proposer of the course and any other faculty who are qualified to teach the course. Describe any specific qualifications and capabilities an individual must have to teach this course.

Proposer:

Other qualified faculty:

3. Indicate the programs(s) of study, majors (s), and/or minors, or other general curriculum in which this course will be included.
4. Indicate how frequently and during which semesters the class will be offered.
5. If a fee will be charged for the course, indicate the amount of the fee and describe how the fee will be used.
6. Describe the system of evaluation that will be used to determine whether the course should continue to be offered in the future. Discuss the types of data that will be collected and the procedures that will be used to determine the effectiveness of the course.

D. Provide the following information for review by the Department Head and the Dean:
   1. Describe the resources that will be needed to support the course (e.g., allocation of faculty, space, equipment, library materials, computers, travel, consultant honoraria,
and/or other needs). Also, indicate how these needs will be met (e.g., course deletion and reallocation of faculty load).

RECOMMEND FOR APPROVAL: ________________________________

Department Head (date)

E. Provide the following information for review by the Academic Issues Committee:
   1. **New Course Proposal Form with required signatures**
   2. **List other courses, if any, which duplicate content to be covered in the proposed course and describe discussion with the faculty in the units offering those courses regarding the need for/appropriateness of the course duplication.**
   3. **Describe the impact this course will have on other courses and programs of study (e.g., enrollments, course substitutions, course deletions, and total program hours).**
   4. **If the course will be cross-listed with another department, attach a written statement from the appropriate department/area head(s) that the materials submitted are required by all departments/areas involved in teaching the course.**
   5. **Describe how this course will meet specific curricular requirements in the College (e.g., infusion of multiculturalism across the curriculum, inclusion of special needs across the curriculum).**

COLLEGE OF EDUCATION – THE UNIVERSITY OF ALABAMA

Name_________________________________________________________________________________________

CWID ___________________________________________ Date _______________________________

Address ___________________________________________________________________________________

Telephone Numbers (Cell) ___________________________ (Other) ______________________________

I am a/an (circle one) graduate / undergraduate student majoring in ____________________________. I am working toward the / degree/certification. Under normal circumstances, didactic courses are not offered via independent study.

I hereby make application to enroll in (prefix and #) ____________ (full course title) the term, 20__ to be taught during. It is my intention to complete this course via independent didactic version (if such exists*) of this course is attached. It is my understanding that I will accomplish those objectives indicated (highlighted) on the syllabus or those listed below using the following method(s): (Explain fully how you and the instructor will meet the objectives while not attending class. Attach extrapages, if necessary.)
Graduate Assistant Semester Planning Guide

Graduate Assistant _____________________________________________________________

Faculty Supervisor ______________________________________________________________

Semester ______________ Year __________ Department
________________________

The development of this plan should be facilitated by the faculty supervisor and graduate student and submitted electronically to the Department Head/Department Designee by the end of the first full week of the semester during the graduate student’s employment.

Please respond to the following for this current semester (add pages as necessary):

a. List of GA’s expected outcomes, accomplishments, and/or products relevant to supervisor’s research, teaching, and/or service (i.e., What should the GA produce for the supervising faculty member?):

b. Brief description of assistance to be provided by the faculty supervisor:

For graduate research assistants:

List expected outcomes of assistantship relevant to GA’s professional growth. Describe expected scholarly outcomes for the GA such as development of a publication and/or presentation
resulting from GA’s research efforts and contributions to K-12 schools and other educational settings.

For graduate teaching assistants:

List expected outcomes of assistantship relevant to GA’s professional growth. List GA’s specific instructional responsibilities, identifying course(s), enrollment, and specific GA duties. Include expected impact on student learning and contributions to K-12 schools and other educational settings.

Revised 8/2018
**Graduate Assistant Assessment by Supervisor**

Graduate Assistant _____________________________________________________________

Semester ________________ Year __________          Department __________________________

*This form must be completed by the graduate assistant's faculty supervisor(s). Submit it to your Department Head/Department Designee no later than the 13th week of the semester during the graduate assistant's employment. The intention is to provide information that should be used in formative and summative evaluations of graduate assistants.*

If you were assigned more than one GA, please use a separate form for each GA. Please check the appropriate blank to respond to the questions.
