What If I’m Teaching in a Face-to-Face, Hybrid, or AV Format This Fall?

Click here to learn about features available with Blackboard Ultra, Panopto, and Zoom to see which tool works best for you to record your class sessions.

How Do I Get Started?

Click here to learn how to get started with Blackboard Collaborate Ultra.

What Does Blackboard Collaborate Ultra Do?

Blackboard Ultra will allow you to video your class session and upload it to your Blackboard with ease. If you want more information, click here to watch this video.

What Information Can I Share with My Students?

Click here to learn about features available with Blackboard Ultra, Panopto, and Zoom to see which tool works best for you to record your class sessions.

What is Blackboard Collaborate Ultra?

“Collaborate Ultra is a real-time video conferencing tool that lets you add files, share applications, and use a virtual whiteboard to interact. Collaborate Ultra opens right in your browser, so you don’t have to install any software to join a session.” Click here for more information on Blackboard Collaborate Ultra software.
Technology Lending a Helping Hand: ZOOM

What is Zoom?
“Zoom provides cloud video conferencing, simple online meetings, and group messaging creating a complete conference room solution. Zoom accounts are available to students, faculty and staff…” Click here for more information on the Zoom software.

How Can I Ensure that My Zoom Meetings are Secure?
Click here to see how you can make your Zoom meetings secure and more.

How Can I Provide My Zoom Class Recording to My Students?
Make sure you record your session in the Zoom cloud (Note: Files saved to UA classroom computers are deleted each night and cannot be retrieved). After class you can download the class recording in the cloud to Panopto and share it with your students through Blackboard.

What If I Need More Information on Recording Zoom Meetings?
Click here for more information and a video tutorial on recording Zoom meetings in the classroom.

How Can I Upload My Zoom Recordings to Panopto?
Click here to learn how to upload your Zoom recordings.

How Can I Schedule a Zoom Meeting with My Class?
This can be done through Blackboard.

How Can I Make My Zoom Meeting Link Easy to Find for My Students?
Click here to learn how to make your Zoom meeting link easy to find.

How Can I Add My Zoom Meeting to Outlook?
Click here to see how you can add your Zoom meeting to the web and desktop versions of Outlook.

What If I’m Teaching in a Face-to-Face, Hybrid, or AV Format This Fall?

Click [here](#) to learn about features available with Blackboard Ultra, Panopto, and Zoom to see which tool works best for you to record your class sessions.

What is Panopto and What Does It Do?

“Panopto allows instructors to record lectures and automatically upload them to the Course Videos area of a Blackboard course. These recordings most commonly consist of voice capture through the classroom microphone, and screen capture of the lecturer’s computer screen.

Once uploaded, recordings are available to students via streaming online, or through the Panopto mobile app. Students are also able to capture their own recordings and upload to Panopto. Panopto is available in most UA classrooms and available to download to personal computers.” Click [here](#) for more information on the Panopto software.

What Are Faculty Saying About Panopto?
